## DECIDE TO REJECT THE PEACE TREATY

Majority Groups of National As-  
sembly Reach This Decision. Ger-  
man News Agency Says

TAKE UP HUN COMMUNICATION

Big Four Refers Them to Commit-  
tee of Experts—Austro-Hungar-  
ian Reduced to 3rd Class Nation

(By United Press.)

Basle, May 12.—A German news  
agency reported today that the ma-  
jority groups of the national as-  
sembly decided to reject the peace  
treaty.

Zurich, May 12.—Austrian dele-  
gates, headed by Chancellor Renner  
are expected to reach this city  
Tuesday noon enroute to the peace  
conference. They will probably ar-  
rive in St. Germaine on Wednesday.

London, May 12.—A Berlin dis-  
patch received here today reported  
that resignation of Foreign Minis-  
ter Brockdorff and possibly Herr  
Landsberg, as members of the Ger-  
man peace delegation, is considered  
inevitable. The Berlin garrison was  
said to have been increased to 120,-  
000 owing to fear of riots during  
the consideration of the peace  
terms by the national assembly.

Paris, May 12.—The Big Four  
today took under consideration the  
latest German communications re-  
garding the peace treaty. The notes  
were referred to a committee of  
experts.

Uncertainty has developed re-  
garding the prosecution of the for-  
mer Kaiser, it was learned today.  
This was said to have arisen from  
the Belgium refusal to act as pro-  
secutor.

Paris, May 12.—The Austro-Hun-  
garian peace terms, while designed  
to reduce the former dual monarchy  
to a status of a third class nation,  
will provide for its economic rehabi-  
litation, it was learned from an au-  
thoritative source today.

The treaties are expected to be  
ready for presentation this week.  
The outstanding feature naturally  
will be the definition of boundaries.  
This will officially establish the in-  
dependence of German Africa. As  
in the German treaty, the first sec-  
tion of the Austro-Hungarian pact  
will be the league of nations.

Berlin, May 12.—All German of-  
ficials are displaying feverish ac-  
tions in connection with the peace  
treaty.

The cabinet met daily and vari-  
ous political factions passed reso-  
lutions after resolutions represent-  
ing their opinion on the treaty, to  
which no one paid any attention.  
Interest centers in the conference  
of the national assembly. That  
body met yesterday and reconvened  
today.

The nation's mourning week de-  
creed by the government which be-  
came effective on Saturday, is be-  
ing fully observed, according to re-  
ports from all parts of the country.  
All dancing, gambling, horse rac-  
ing and concerts have ceased. The  
government, it was reported today,  
ordered withdrawal of all troops  
from the Russian provinces for de-  
fense of Silesia, and West Prussia.

### TRACK MEET POSTPONED

The triangular track meet at  
Shelbyville could not be held Sat-  
urday on account of the inclemency  
of the weather and will be held here  
at a later date, according to the  
reports received. The meet will be  
dual, however, instead of triangu-  
lar, and the locals will compete  
for honors with the Technical high  
school of Indianapolis.

## AUTO COLLISION AVOIDED

But Both Machines Run Down Em-  
bankment in Doing so Sunday

An unknown person and Will Dill  
of this city figured in an auto ac-  
cident late yesterday evening in  
South Main street near the south  
entrance of the covered bridge. Mr.  
Dill was going south and did not  
see the other machine which was  
coming from the Jones race track,  
from the west. In order to keep  
the cars from colliding Mr. Dill  
dodged the machine and ran over  
the embankment on the right side  
of the road and the driver of the  
Ford lost control of his machine  
and went over the embankment on  
the east side. No serious damage  
was done to either machine and  
the occupants all escaped unin-  
jured.

## AFFIDAVIT AGAINST JAMES HOBBS NOLLED

Former Soldier Allowed to Go Free  
When he Remarries Leila Cross.  
Age 16. Today

### DOG SUIT DISMISSED AGAIN

The affidavit against James  
Hobbs, former soldier, who was ac-  
cused of contributing to the delin-  
quency of a minor, was nollled in  
juvenile court today by Irvin Cross  
after Hobbs agreed to remarry his  
daughter, Miss Leila Cross, age 16,  
with whom he eloped to Newport,  
Ky., a week ago Saturday. A li-  
cense was issued to the couple this  
morning and they were married by  
the Rev. L. E. Brown of the Main  
Street Christian church.

The case of Charles Montague, a  
Frenchman, who was arrested in  
Indianapolis on the same charge a  
week ago Sunday, has been set  
down for trial next Thursday.

The replevin suit of Benton E.  
Wilson and John Hunt, against Ar-  
thur Roberts, which was in sub-  
stance a controversy over the own-  
ership of a dog, was dismissed in  
circuit court today for the second  
time for the want of prosecution,  
and the costs were assessed against  
the plaintiff. Eighteen veniremen  
reported for the trial. The case  
was dismissed March 3 when the  
plaintiff failed to appear, as today,  
but was reinstated on March 11  
when the plaintiff's motion to set  
aside the dismissal was sustained.

## COUNTY DIAPASON SINGERS TO MEET

C. C. Chester of Des Moines, Iowa,  
One of First Teachers Here, Ex-  
pected to be Present.

### OTHER NUMBERS ON PROGRAM.

The sixteenth annual reunion of  
the Rush County Diapason associ-  
ation will be held at the Main  
street Christian church next Sunday  
afternoon at 1:30, with John A.  
Spurrier as precentor. C. C. Che-  
ster of Des Moines, Iowa, one of the  
first teachers in this county, will be  
present at this time.

Mrs. M. R. McDaniel of Oak  
Park, Illinois, who is visiting re-  
latives here, is expected to stay over  
and take a part in the afternoon's  
program. Miss Pierson of Kennard,  
Indiana, is also expected to be on  
the program with some of her fa-  
vorite cornet solos. Following the  
regular program, reminiscent talks  
will be given by members of the as-  
sociation. The public is cordially  
invited to attend this program. Da-  
vid McKee of Connersville is pre-  
sident and Will King of near Rush-  
ville secretary.

## MAKES ENVIABLE RECORD ON LOANS

Rush County Subscribes \$4,199,100  
to Five War Bond Issues. Mak-  
ing Best Showing on Third

### FIFTH CAMPAIGN IS CLOSED

Victory Notes Will be Sold. How-  
ever, Until May 20 When Final  
Reports Must be Made

When the record of Rush county's  
participation in the world war is  
finally written, nothing will add  
more to the fame and glory of the  
county than the way it responded to  
the appeals of the government for  
funds to conduct the war.

With the Victory loan officially  
closed with an oversubscription of  
\$29,300 a tabulation of the sub-  
scriptions to the four previous loans  
reveals that the people of this  
county bought government bonds to  
the amount of \$4,199,100 during  
the war.

The Victory notes taken during  
the campaign which closed Satur-  
day night totaled \$854,300, and the  
county's quota was \$825,000. The  
records for the first four loans are  
as follows:

With an allotment on the first is-  
sue of war bonds of \$337,360, the  
county bought \$362,500 worth, mak-  
ing an oversubscription of 12.9 per-  
cent.

The allotment in the second loan  
was \$944,000 and the subscriptions  
amounted to \$1,000,000, which made  
an oversubscription of 17.1 percent.  
The subscriptions on the third  
loan, when the best record was  
made, amounted to \$797,950 and  
the quota \$495,000, so that the  
oversubscription was 52.55 percent.

In the fourth loan the subscrip-  
tions amounted to \$1,184,300 on an  
allotment of \$1,100,000, making an  
oversubscription of 84.300.

Congratulating Rush county on  
the part she took in the Victory  
loan, Earl H. Payne, county chair-  
man, has received the following tel-  
egram from W. H. Wade, state  
chairman for the seventh federal  
reserve district:

"Our congratulations to your or-  
ganization and the citizens of Rush  
county upon the splendid fashion in  
which you have supported the Victo-  
ry loan. The record is one of  
which you should be very proud  
and we rejoice with you that you  
are over the top."

German helmets given to the  
county to be awarded to the win-  
ners of contests, will be presented  
by J. H. Scholl, superintendent of  
the Rushville schools, chairman of  
the committee. A declamation con-  
test was conducted in the schools  
here, with the helmets as prizes.

Medals made of captured German  
cannon will be awarded by T. M.  
Green, county director of sales, to  
workers who made the best records  
in the sales of bonds.

The banks of the county will con-  
Continued on Page Five

## MACHINE IS BADLY DAMAGED

Tires and Top of Charles Stewart's  
Car Cut With a Knife.

That someone in the vicinity of  
Milroy is bent on doing residents a  
mean trick is self evident since last  
Friday evening when the Ford ma-  
chine of Charles Stewart was tak-  
en from Main street in Milroy. Af-  
ter being driven south of town for  
a short distance, the tires were  
slashed with a knife and the top  
was cut in holes until it is beyond  
repair. Mr. Stewart stated that he  
did not know of anyone in that or  
any other vicinity who held an en-  
mity against him and could not see  
anyone's motive for doing such a  
trick.

## DIFFERENT PLAN TO BE FOLLOWED

Old Methods of Canvassing Will Not  
be Used in Raising County's  
Salvation Army Quota

### APPEALS TO BE MADE BY MAIL

Tri Kappa Sorority Will Sell Dough-  
nuts, Made by Famous Recipe,  
on Doughnut Day, May 21

The Salvation Army drive to raise  
\$3,000 in Rush county for the Home  
Service Fund, May 19 to May 26,  
will be conducted differently from  
any previous patriotic campaign  
for subscriptions.

Instead of perfecting an organi-  
zation for canvassing in every road  
district, an appeal will be made by  
mail to approximately one thou-  
sand patriotic citizens of the coun-  
ty, asking them for a contribution  
of sufficient size to meet the coun-  
ty's allotment.

It is believed that by this means,  
the drive can be effectively made  
with the least amount of effort and  
with the best results to be obtained  
at this time. Patriotic workers have  
campaigning for this fund and that  
fund with scarcely no relief since  
the war began, and it is the belief  
of those in charge of the campaign  
that the wonderful record of the  
Salvation Army in the war is so  
well known that the county's quota  
can be raised by simply making an  
appeal by mail.

Fon Riggs was appointed chair-  
man for the drive in this county  
some time ago two other members  
of the county committee have just  
been elected. Miss Anna Bohannon  
will act as secretary and Garney  
Collier of the Rush County National  
bank as treasurer.

Special stress will be given two  
special days in the campaign, Sal-  
vation Army Sunday and Doughnut  
Day in the Rush county drive. Min-  
isters will be called on to devote  
one of their sermons to the Sal-  
vation Army next Sunday, when a  
special appeal will be made from all  
the pulpits in the county for the  
campaign. Doughnut day will be ob-  
served on Wednesday, May 21.

The Tri Kappa sorority decided  
at an all day meeting Saturday to  
sell doughnuts and give the pro-  
ceeds to the fund. The doughnuts  
will be made by the recipe which  
was used on the front lines in  
France, and brought just fame to  
the work of the Salvation Army.  
Further announcement will be made  
regarding the places where the  
doughnuts will be on sale May 21.

The Home Service fund is for the  
purpose of doing away with meth-  
ods formerly used by the Salvation  
Army to raise money for its sup-  
port. No longer will the Salvation  
Army lassie with her tambourine  
pass among crowds or visit places  
of business to collect pennies and  
other small contributions. The Home  
service fund will meet the needs of  
the army and allow the Army work-  
ers to devote the time formerly used  
for this purpose for relief work.

It was the work of the Salvation  
Army in France that opened the  
eyes of the public to the practical  
nature of what is done by that  
body. It was demonstrated over  
and over that no service for the  
soldiers was too humble or difficult  
for its members to perform: no  
self-denial for the soldiers' sake too  
great. The story of "Ma" Burdick  
60 years old, just returned from  
France is the story of many.

At the front she worked under  
shell fire, her silvered head protect-  
ed by a steel helmet. She cut off  
the rain and mud-soaked tails of  
the soldiers' long coats and fash-  
ioned the remnants into fatigue  
caps. She fried flapjacks over a  
stove fashioned from scrap metal  
and turned the toothsome batter

## VALUABLE CHICKENS TAKEN

Thirty White Plymouth Rocks Are  
Stolen From Carey Cross

The local police were busy this  
morning informing local poultrymen  
and others of this county to be on  
the lookout for a bunch of white  
plymouth rock chickens, each with  
a toe off the left foot and with one  
wing painted with gray paint. They  
were specially marked this way by  
Mr. Cross. These chickens, about  
thirty in number, were stolen Sat-  
urday night from Carey Cross, who  
lives on the Powers and Jay farm  
southwest of Rushville. The chick-  
ens were valuable and are consid-  
ered quite a loss to Mr. Cross as they  
were pure-breds. The police have  
no clue as to who stole the chick-  
ens although they are making an  
investigation.

## ORDERS LIBERTY LOAN ARMY BE DEMOBILIZED

Secretary Glass Arranges For Dis-  
charge of Great Corps of Vol-  
unteer Workers Today

### 16 MILLION SUBSCRIPTIONS

(By United Press.)

Washington, May 12.—Demobil-  
ization of Liberty Loan army of two  
million was ordered today by Sec-  
retary of the Treasury Glass. With  
the close of the Victory drive, Sec-  
retary Glass made arrangements  
for the discharge of the great corps  
of volunteer workers today. The  
force of paid experts, however, will  
be released slowly.

Federal reserve banks are swamp-  
ed with work of tabulation of re-  
ports. All federal banks reported  
that the subscriptions yet to make  
would keep them busy more than a  
week. Messages received here said:  
"No figures showing definitely the  
amount of oversubscriptions were  
available today."

Treasury officials, however, be-  
lieve that the surplus will aggre-  
gate possibly \$1,000,000,000 while  
the minimum quota which the treas-  
ury accepted was \$4,500,000.

Estimates placed the number of  
individual subscriptions during the  
campaign at 16,000,000 in the fourth  
loan the number was 21,000,000  
but that campaign was for six bil-  
lion dollars.

## MAY BE TAKEN TO A PRIVATE SANITARIUM

Mrs. Haugh Will Probably be Given  
Chance to Recover Before Being  
Placed on Trial.

### SAYS SHE WANTS CHILDREN

(By United Press.)

Indianapolis, Ind., May 12.—Mrs.  
J. Guy Haugh, charged with shoot-  
ing with intent to kill her husband,  
will probably be taken to a private  
sanitarium to recover from a  
nervous breakdown.

Mrs. Haugh did not appear in  
court this morning but was repre-  
sented by her attorney, Charles J.  
Orbison. Mr. Haugh was seen in  
the hallway adjoining the court  
room, but was not in the room. He  
was represented by his attorney.  
Mrs. Haugh's bond is \$8,000.

"If the court decides that I may  
have the custody of my two children,  
I'll go back to France and stay  
there," said Mrs. Haugh in a con-  
versation today with Mrs. Isabelle  
Phillips, police matron.

### ODD FELLOWS NOTICE

Franklin lodge, I. O. O.  
F., will confer the initia-  
tory degree Wednesday evening. Ev-  
ery member is urged to be present.

## DEFENSE BODIES ARE DISSOLVED

Governor Goodrich Issues Procla-  
mation Today, Ending Activities  
of State and County Councils

### WERE CREATED 2 YEARS AGO

Praises Their Work, Calling Atten-  
tion to Fact They Were Recog-  
nized as Best in America

(By United Press.)

Indianapolis, Ind., May 12.—Gov-  
ernor James P. Goodrich today is-  
sued a proclamation dissolving the  
state and county councils of de-  
fense. The governor praised the  
persons who served on these boards  
and again spoke of Indiana's war  
record. The proclamation follows:

To the Members of the Indiana  
State Council of Defense and the  
Several Indiana County Councils of  
Defense—

"Just two years ago at the direc-  
tion of the federal government, I is-  
sued a call for the organization of  
the Indiana Council of Defense.  
These years have been filled with  
events of trying importance to man-  
kind—glorious events so far as the  
American people are concerned. For  
during that time we have fought and  
won a great war, have rushed to the  
assistance of the forces fighting  
the battles of humanity in Europe  
and have emerged triumphant from  
mightiest conflict in all human his-  
tory.

"Two years ago we were just get-  
ting upon the task which Provid-  
ence has assigned us. Now the war  
is won and the terms of peace will  
soon be imposed upon an impotent  
foe.

"Two years ago only a few had  
come to the full realization of the  
work before us, had come to know  
that it was not necessary to raise a  
great American army but necessary  
to organize the entire American  
people for a conflict not of armies  
but of nations. The agency select-  
ed for this task was the Council of  
Defense in national, state and local  
organizations.

"I need not tell you how success-  
ful was this organization of Ind-  
iana. The Hoosier people will ever  
have cause to remember with pride  
the record of their commonwealth in  
the great world war. In the rais-  
ing of troops and money, in the pro-  
duction of food and munitions, in  
the fine example of loyalty and de-  
votion to duty our people were sur-  
passed by none in America.

"A great share of the credit for  
all of this is due to you men and  
women of the state and the county  
Councils of Defense.

"With splendid leadership and a  
fine spirit of patriotism and indus-  
try you organized the state of In-  
diana for war purposes from the  
townships up. You educated the  
people as to the necessity of sub-  
mitting willingly to the drafts; you  
made it possible for our boys going  
into the service to secure legal and  
medical assistance for the asking;  
with your speakers, bureau, your  
publicity man, and the good example  
of your own conduct, you created  
sentiment and furnished inspiration  
for the successful conduct of the  
Liberty Loan campaigns and other  
movements for the raising of funds  
for patriotic purpose; you encour-  
aged patriotic endeavors of merit  
and discouraged those which were  
ill-advised; you inspired the people  
to production and conservation of  
food and fuel; you directed the or-  
ganization of local patriotic orga-  
nizations of a military and civil na-  
ture, and last but not least you in-  
spired and created so fine a spirit  
of Americanism in Indiana that any  
tendency to disloyalty and sedition  
was nipped in the bud, and Indiana  
was at all times pro-American  
heart and soul.

"The Council of Defense, state

## DO NOT BE TROUBLED BY BIG SHOE BILLS

Fifteen months of service from a pair of Neolin Soles is claimed by F. T. Evans of Seattle, Washington. "Then I had them half-soled and they are still good," says Mr. Evans.

Big shoe bills do not trouble the man who gets wear like this from his shoes. If you are interested in cutting down your shoe expense, be sure that the shoes you buy have Neolin Soles.

You can get them on new shoes in many styles for men, women, and children; and they are available everywhere for re-soles, too.

Neolin Soles are made by Science to give long wear, and to be comfortable and waterproof. They are manufactured by The Goodyear Tire & Rubber Co., Akron, Ohio, who also manufacture Wingfoot Heels—guaranteed to outwear all other heels.

**Neolin Soles**  
Trade Mark Reg. U. S. Pat. Off.

LONDON—Over 1,500,000 women in Great Britain will be unable to find husbands, according to statistics enumerating the proportion of males to females in the country.

## MRS. AMANDA VEATCH DIES

Wife of John J. Veatch Expires at Home in Walker Township

Mrs. Amanda Veatch, age 74, died at her home in Walker township yesterday morning following a long illness. She was the wife of John J. Veatch who resides near Hearst's cemetery. She is survived by the husband. The funeral services will be held tomorrow afternoon at two o'clock at the late residence in charge of the Rev. Mr. Orrt and Mr. McMullin of Homer, and burial will be made in the Goddard cemetery.

### HOSPITAL MEN HOME

Russell Kirkpatrick and Neff Ashworth, who were enlisted men with Base Hospital No. 32, which arrived from France several days ago, have been discharged from the service at Camp Taylor, Ky., and have reached Rushville.

## STRIKE AND BALLOT WEAPON OF WOMEN

Female Wage Earners in England Are Out to Compete With the Men For Positions

### ON A BASIS OF EQUALITY

Their Slogan is Equal Pay For Both Sexes Instead of Plan That is Now in Use

By DON E. CHAMBERLAIN  
(U. P. Staff Correspondent.)

London, April 20, (By Mail).—British working women are out to compete with men for jobs—on a basis of equality. Equal pay for both sexes is their slogan.

And included in their program is a demand for a minimum wage and a shorter working day.

Miss Jessie Stephens, general organizer of a number of women's trade unions, representing a total membership of seventy thousand, said to the United Press:

"The war has changed the labor situation as regard men and women. The working woman's position in Great Britain today is a great improvement on that held by her before the war. In previous wars women have taken the place of men and have eventually been forced back to their old economic slavery. In the present war, however, women have taken the places of men in greater numbers than at any other period in the country's history. They have gone into occupations and professions which were always sacred to men and have proved themselves, in most cases, every bit as capable or even more capable than men.

"The time has long passed when women could be induced to acquiesce in a lower standard of wages. Women are out to compete with men for jobs on equal terms—equal pay for equal work. The women are in accord with the men for a minimum wage and shorter working day. To aid in achieving this, they are joining trade unions in large numbers. Never before in the history of trade unions in Britain have so many women been organized industrially. The National Federation of Women Workers had quadrupled its membership.

"Women will not return to pre-war conditions. They are organizing with the full intention of striking to obtain their demands, if they are not conceded by negotiations; if that fails they still have the vote to fall back upon. We have only been enfranchised a few months, but we have learned already the value of the political weapon, when used in conjunction with the strike.

"War work has done women more good than harm. They have been made to realize in a very vivid manner how necessary they are to the well being of the whole community."

The number of women actually taking men's jobs during the war was 1,516,000, of whom 531,000 are classified under the heading Industries, 532,000 under Commerce, and 187,000 under Government establishments.

In addition to these figures, new employment was found for 1,532,000 women and girls, divided as follows: Industries, 537,000; Commerce, 354,000; Government establishments, 197,000. The most striking increases, in those spheres where women were not much employed formerly, are the gas, water and public utilities corporations which in pre-war days employed only 600. Four thousand substitu-

tes for male labor were found, and new jobs created for 4,000 more.

The tramways formerly employed 1,200 women, but they took on 17,000 "substitutes," and found new employment for another 18,000.

## HOG PRICES ARE 15 CENTS HIGHER TODAY

Advance is Noted in Indianapolis With Receipts Five Hundred More Than Saturday

### GRAIN MARKET IS STRONG

Hog prices were fifteen cents higher in Indianapolis today with receipts 500, more than Saturday. The grain market was strong and cattle prices were slow.

## GOVERNMENT TO GIVE STATES MOTOR TRUCKS

Army Equipment Valued at \$45,000,000 is Donated For Use on Federal Aid Roads

### NO TRUCKS TO INDIVIDUALS

Washington, May 12.—More than \$45,000,000 worth of motor trucks are about to be distributed by the Secretary of Agriculture through the Bureau of Public Roads to the State Highway departments. These trucks have been declared surplus by the War Department and are being distributed to the States under the provisions of Section 7 of the Post Office Appropriation Bill. They must be used by the States on roads constructed in whole or in part by Federal aid, for which \$200,000,000 in addition to the former appropriation was given to the States under the same bill. All that the States must do to acquire the use of these 20,000 trucks, which range in capacity from two to five tons, is to pay the loading and freight charges.

Of the 20,000 motor vehicles to be acquired practically free by the States, 11,000 are new and 9,000 are used, but all are declared to be in serviceable condition. The motors will be apportioned to States only upon request of the State highway departments on the basis of the requests received from the respective States, and in accordance with the apportionment provided in the Federal aid law approved in 1916. The requirements of the law are such that the Bureau of Public Roads can not distribute any trucks to counties or individuals.

A scientist claims to have discovered a gas that has the same relation to hydrogen that ozone has to oxygen.

## Days Pickings

Mrs. Henry Mull, who has been ill at her home southwest of Rushville for some time, is not improving.

The condition of Fred Mull, who has been suffering with an extended illness at the home of Mr. and Mrs. S. R. Mahin southwest of Rushville, shows no improvement.

Mrs. J. W. Hall, living north of Gings, probably holds the record in the county for the sale of eggs. One day last week she sold forty dozen, at forty cents a dozen, which was composed of six days gathering, or an average of eighty eggs a day.

## Unshaken Testimony

Time is the test of truth. And Doan's Kidney Pills have stood the test in Rushville. No Rushville resident who suffers backache, or annoying urinary ills can remain unconvinced by this twice-told testimony.

Harrison Levi, 931 N. Sexton St., Rushville, says: "I used to have to get up six or seven times each night on account of the too frequent passages of the kidney secretions. Often the secretions were scanty and pained in passage. I also had severe backaches. Nothing ever did me any good until I began taking Doan's Kidney Pills, which I got from Johnson's Drug Store. It didn't take them long to fix me up; the pains left and my kidneys again acted regularly."

OVER THREE YEARS LATER, Mr. Levi said: "I am glad to confirm my former endorsement of Doan's Kidney Pills, for they have given me a permanent cure."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Levi had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.—(Adv.)

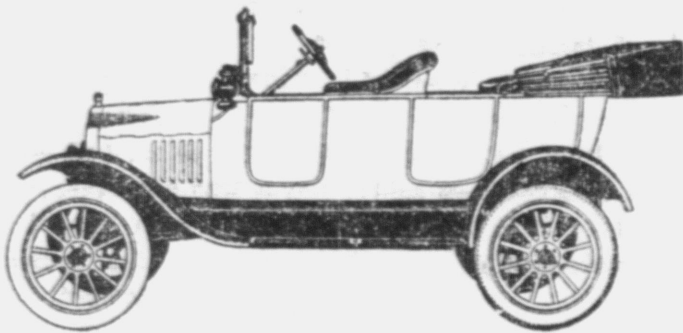

# Ford

THE UNIVERSAL CAR

The Ford One Ton Truck is one of the sure business utilities, and likewise just as big a necessity on the farm. Farming is surely a business proposition wherein success depends upon economical methods with up-to-date machinery. The Ford Truck will prove a great economy on the farm. The marvel is "how the farmer has got along without it all these years." It is a servant that serves, always ready and always economical. Price \$550, without body, f. o. b. Detroit.

## RUSHVILLE PASTOR IS ON THE PROGRAM

L. E. Brown Will Speak at Annual Convention of Disciples of Christ Opening in Indianapolis

### FIRST SESSION HELD TODAY

(By United Press.)

Indianapolis, Ind., May 12.—Pastors and representatives of Indiana churches of the Disciples of Christ came to Indianapolis today to attend the annual convention. The meeting will continue until Wednesday night.

The meeting opened shortly afternoon today with the devotional by Charles F. Ross of Crawfordsville. Rodney L. McQuarry, South Bend, followed him with an address.

Long programs for every morning, afternoon and evening of the meeting show the leaders expect much work to be accomplished. Among those on the program are: Elvin Daniels, of Kentland; Joseph Keovil of Noblesville; H. C. Armstrong, of Baltimore, Md.; L. E. Brown, of Rushville; John D. Zimmerman, of Topeka, Kan.; Z. E. Bates, of Evansville; J. F. Belleville, of Michigan City; Asa McDaniel of Muncie; St. John Halstead, of Princeton and Major Ed Jackson, former secretary of state, and now of Indianapolis.

## AWAITS ARRIVAL OF THE NAVY CURTISS 4

Commander Towers Will Not Give Orders For Trans-Atlantic Flight Until Then

### ROUGH WEATHER ON OCEAN

(By United Press.)

Trepassey, May 12.—Commander Towers today awaited information as the probable time of the sea plane Navy Curtiss 4 before giving orders for the start of the attempted trans-Atlantic flight. The Navy Curtiss 1 and 3 are ready to go but the Navy Curtiss 4 was delayed at

Chatham, Mass., by engine trouble.

Weather conditions in mid-ocean are rough, according to latest reports. A strong west wind is blowing. Rain is expected along the coast tomorrow.

In preparation for the long air trip to the Azores 1,200 miles, the machines are equipped to repair motors while flying and change propellers if necessary.

### ALLIED ATTACK FORESEEN

(By United Press.)

Stockholm, May 12.—A Helsingfor dispatch reported today that all foreigners had been ordered to leave the city immediately. The order, it was stated, was believed to have resulted from preparations for an allied move on Petrograd.

Eighty boys and girls are enrolled in corn pig or other form of club work in Union County this season. There was none last year.

Postmaster Hunt announces that a supply of the new propriety stamps has been received at the postoffice and are now on sale. The stamp is an internal revenue stamp and is to be used on cosmetics, toilet articles, perfumes and other such articles that come under the new tax law which went into effect May 1 at the same time that the tax was put upon ice cream and soft drinks.

The stamps should have been in sooner but delay in the distribution prevented this. The stamps received are in one and two cent denominations. They are blue in color and contain these words: "Propriety Stamp, Internal Revenue."

### CORP. HARDWICK DISCHARGED

Mrs. Clifford Hardwick of East Second street received a letter today from her husband, Corporal Clifford Hardwick, who was a member of the 90th Division of the Army of Occupation in Germany to the effect that he had received an honorable discharge and was starting for home at that time.

### STATED MEETING

A stated meeting of Phoenix lodge No. 62, F. & A. Masons, will be held Tuesday evening at 7:30 o'clock. Every member is requested to be present.

**Leading the Simple Life.**

The arguments in favor of the "simple life" which have been impressed upon the people of the United States during the war period, seem to have had a marked effect so far as relates to importation of articles of luxury. A compilation by The National City Bank of New York indicates that the value of luxuries imported into the United States in the fiscal year which ends with next month will be little more than one-half that of the year preceding the war, although prices in all of the articles in question are higher per unit of quantity than in the pre-war year.

Of diamonds, for example, and other precious stones, imports in 8 months ending with February 1919 were only \$17,000,000 in round terms as against \$32,000,000 in the corresponding months of 1917.

Cotton laces and embroideries, of which the prices per unit of quantity have greatly advanced, show a total for the 8 months of the fiscal year 1919 of but little over \$5,000,000 as against \$25,000,000 in the corresponding months immediately preceding the war. Silk laces and embroideries show for the 8 months just ended about \$1,500,000 as against nearly \$3,000,000 in the corresponding months of 1914, and silk manufactures as a whole more than \$19,000,000 as against over \$25,000,000 in the same months of the fiscal year 1914.

China ware, decorated, in the 8 months ending February 1919 is about \$1,500,000 as against nearly \$6,000,000 in the corresponding months of 1914. Art works show an even greater fall, amounting in the 8 months of the current fiscal year to less than \$3,000,000 as against more than \$20,000,000 in the corresponding months of 1914.

Spirits, wines, and malt liquors, including all of those forming this general group, show for the 8 months ending February 1919 a total of but \$1,998,821, as against

\$13,817,433 in the 8 months ending with February 1914, and \$14,158,055 in the 8 months ending with February 1913. Champagne alone amounts for the 8 months of the current year to only \$606,421 as against \$3,245,301 in the corresponding months of 1914.

Taking 10 principal articles of luxury imported—art works, precious stones, spirits, wines, and liquors, laces and embroideries, hats and material, therefore, feathers, kid gloves, and silk manufactures, the total for the 8 months ending with February 1919 aggregates but about \$60,000,000 as against approximately \$120,000,000 in the same months of 1914, despite the fact that the prices per unit of quantity, have as above indicated increased in practically all classes of articles.

**Army Not Public Charge.**

The army isn't coming home in rags and tatters. It isn't a public charge. Discharged soldiers don't have to beg or to peddle souvenirs for a living.

American Red Cross, Lake division headquarters, has been asked by national headquarters to issue this second warning to people of Ohio, Indiana and Kentucky.

"The situation is becoming almost a menace", says the order.

The American Red Cross in every town and municipality in the three states of the Lake division is helping the man who comes home, to take up again the life he left to enter his country's service.

Red Cross home service workers are ready to help him get a job, and a good one. If he is in need of a little ready money, or his family is suffering, the Red Cross is ready with a loan. If he is disabled, and cannot go back to the old line of work the government will train him for something else. It is not necessary for him to beg, or to sell post cards, buttons or any kind of souvenirs.

Most of the uniformed peddlers are fakirs. They have no right to the uniform they are wearing. Many of them have never been inside an army camp. But it is fairly easy to fake a uniform, and get easy money from the patriotic public. "Don't encourage the man who commercializes his country's uniform. Don't buy his wares".

Until the luxury tax came into effect, perhaps you did not know that candy and ice cream and chewing gum and face powder were luxuries. You will not, however, entertain any doubts on this head for some time to come.

The little May-day remembrance sent to Federal Judge Landis of Chicago was quite unnecessary. He blows up frequently enough without the aid of a bomb.

The peace conference finally came to an agreement on Kiao-Chau. The principal cause of disagreement upon it was probably the spelling.

**MOTHERS DAY SERVICES.**

Mothers day services at the United Brethren church were well attended yesterday. A trio sang, "When Mother Prays". The regular services were followed by a consecration meeting. A number spoke concerning the way it paid to serve Jesus in the home. At the close of the service Emma Miller, pastor, gave a reading "The Bravest of Battles", a tribute to mother by Joquin Miller.

**Are You Awaiting The Great Crisis?**

If So, Do Not Allow the Time to Pass With Nature Unaided.

Women who give nature a helping hand during the period of expectancy find that when the time arrives for baby's coming it is approached and passed with infinitely less pain and danger. Thousands of women for over half a century have learned that in the time-honored preparation, Mother's Friend, they have a grateful, relaxing, penetrating remedy, the use of which makes it possible for them to go through childbirth without the usual nausea, nervousness, bearing-down and stretching pains, and that through its use the hours at the crisis are fewer and of much less pain and danger. Mother's Friend penetrates the muscles, rendering them pliant and easily governed by the demands of nature. They relax gently and bring happy days and calm, restful nights. As the result the crisis is passed with greater ease and in less time, the breasts are kept in good condition and the skin is made and kept soft and free from blemishes. Write to the Bradford Regulator Company, Dept. P, Lamar Building, Atlanta, Georgia, for their Motherhood Book, and obtain a bottle of Mother's Friend from your drugist today and thoroughly fortify yourself for the coming event.

**Sap and Salt**

By BERT MOSES.

Charity begins at home and seldom ventures outside.

The best things in some books are what the writer left out.

Boys are "brought up" before marriage and "brought down" afterward.

Revenge runs into a bunch of money and the lawyers get most of it.

The effects of a woman's tears wear off. She who cries least accomplishes most.

The chauffeur and hired man slip easily into the scene when a husband neglects his wife.

Hez Heck says: "The provoking thing about a peek-a-boo waist is that you can't see what you think you can."

**DEFENSE BODIES ARE DISSOLVED**

Continued from Page One

and county, of Indiana is generally recognized as one of the most efficient in America and I believe that this is due not only to your splendid organization but to the fact that you evidenced at all times a broad spirit, a spirit of real patriotism, of sanity and sound judgment. The only qualities which counted were Americanism, sincerity, industry and integrity, which are words almost synonymous.

"Because of these things, because of what has been accomplished, because of your loyal, general service at personal and financial sacrifice, service given without remuneration, without hope of reward except the satisfaction which comes in the realization of work well done, the people of Indiana owe to the state and the county Councils of Defense a debt of eternal gratitude, a debt which cannot be paid in material things, but one which I am sure they will never forget.

"But now blessed peace, that priceless boon to mankind, is about to settle upon us once more. We have just witnessed the greatest pageant in the history of our state—the return of one army of Indiana veterans of the world war, and in so doing we have paid our tribute and extended our welcome to every Hoosier, no matter where he may now be, who had a part in the conflict.

"So it comes to pass that although its healthful influence will live in the Hoosier commonwealth for many years, the active work of the Indiana Council of Defense has come to an end.

"Therefore, I, James P. Goodrich, Governor of the State of Indiana, in the name of a people which has performed its full share in assisting the government to achieve the world victory which has come to us, do declare the Indiana Council of Defense to be dissolved, trusting as I do that while its activities have ceased, the inspiration of its good works will remain with the Hoosier people forever.

"In witness whereof, I have hereunto set my hand and caused the Great Seal of the State of Indiana to be affixed. Done at the Capitol in Indianapolis this twelfth day of May, A. D. 1919.

"GOV. JAMES P. GOODRICH."

**DIFFERENT PLAN IS TO BE FOLLOWED**

Continued from Page One

cakes with a scrap of tin roofing. Her hostelry was sometimes a shell hole and sometimes a cellar or a barn. She moved her headquarters as the army moved and found time to hold gospel meetings and song services, at which many conversions were reported. She finally worked herself into a condition of extreme physical weakness and was found lying ill in the loft of a shell-torn stable. She was taken to a military hospital in Paris. When she recuperated she returned to the front. She held the pie-baking record of the war, having baked 324 pies in twelve hours.

Killed in action, previously reported died—Private Paul Hunt, Centerville.

Returned to duty, previously reported missing in action—Musician Herbert McHawthorn, Greentown; Private Wayne N. Clearwaters, Dana; Private William A. Elliott, Little York.

**IN THE SPRING**

When Energy and Vitality are Lowest, then—Influenza!

(By S. C. BOWER, M. D.)

At this time of the year people feel weak, tired, listless, their blood is thin, they have lived indoors and perhaps expended all their mental and bodily energy and they want to know how to renew their energy and stamina, overcome headaches and backaches, have clear eyes, a smooth, ruddy skin and feel the exhilaration of real good health tingling thru their bodies. Good, pure, rich, red blood is the best insurance against ill of all kinds. You are apt to suffer from an attack of Influenza if your health is run down.

Purify the blood and you can defy influenza. This is the time to clean house and freshen up a bit.

Drink hot water a half hour before meals, and for a vegetable tonic there's nothing better than Dr. Pierce's Golden Medical Discovery, the old-fashioned herbal remedy, which has had such a fine reputation for fifty years. It contains no alcohol or narcotics and is made into tablets and liquid. Send 10 cents to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y. or trial package.

"I have been through Dr. Pierce's Invalids' Hotel and Surgical Institute at Buffalo, N. Y., and have had everything as represented. The pictures on of their buildings are genuine."—John W. Smith, 123 W. Wisconsin St.

**A Square Meal A Square Deal**

We give you both. We set a fair price on staple and fancy Groceries at the same time that we set your table.

Bring your basket and see how you may fill it up with good vegetables and fruits; with canned goods of the latest put-up; with delicacies from the most competent ovens in the country.

**Brown Bros. Grocery**

**Important Notice**

Ask Your Grocer For Rose Bud Syrup.

We have on hands an ample supply of first class, home grown, early orange cane seed for which there will be a nominal charge and will be distributed from the following towns: Carthage, Rushville, Mays, Dunreith, Lewisville, Spiceland, New Castle, Greensboro, Kennard, Shirley, Greenfield, Charlottesville and Knightstown. Beware of seed that you are not absolutely sure of. There was a lot of cane last season that seemed to be mixed with broom corn, as a result of which we suffered irreparable loss. We will be ready for business in due time and respectfully solicit your patronage.

**Knightstown Syrup Co.**

**Ambitious Men Wanted**

To Prepare for

**Shipping Positions**

Thousands of trained men are needed by the railroads and big concerns to direct shipping under the new Government system.

A representative of the American Commerce Association will be in Rushville one day this week to select a few dependable men for a special training course in this work. To qualify requires a few months spare time study at home without interfering with your present work. Experience unnecessary if willing to learn. When competent, men receive salaries of from \$2000 to \$5000 per year.

If you are dissatisfied with your present job and feel that you could fill a better one, if given a chance, write today for interview giving age, occupation and phone number if possible. All information strictly confidential. Address J. C. WOLF, care Scanlan Hotel.

**WANTED**

EVERY HOG RAISER IN RUSH COUNTY to know that we have plenty of pure potent Thorntown serum at any time you want it. The serum is as good as can be made and for a recommendation, ask anybody that has used it. Every one who has vaccinating done wants the best serum he can buy, and this is guaranteed to give satisfaction.

See or Call RALPH H. MILES, office over Rushville National Bank. Phone 2084 or Raleigh phone.

## How Long Must I Suffer From the Pangs of Rheumatism?

Is there no real relief in sight? Doubtless like other sufferers, you have often asked yourself this question, which continues to remain unanswered.

Science has proven that your Rheumatism is caused by a germ in your blood, and the only way to reach it is by a remedy which eliminates and removes these little pain demons from your blood. This explains why liniments and lotions can do no permanent good, for they

cannot possibly reach these germs which infect your blood by the millions.

S. S. S. has been successfully used for Rheumatism for more than fifty years. Try it to-day, and you will find yourself at last on the right track to get rid of your Rheumatism. You can get valuable advice about the treatment of your individual case by writing to the Chief Medical Adviser, Swift Specific Co., Dept. D, Atlanta, Ga.

## Woman's Friend No. 2 Twin

### MAKES WASH DAY A DAY OF PLEASURE.

Saves you hours of time and labor. Washes and wrings the clothes. Does everything but hang them up.

There is no drudgery in wash day when you have a Woman's Friend Power or Electric Washer. It relieves you of all that disagreeable toil and hard work. Let the Woman's Friend do the washing for you.

The above illustration shows the Woman's Friend No. 2 Twin, the most advanced type of power washer on the market today.

Notice the large, round rubbing board. This rests upon the clothes and as it turns back and forth it not only rubs them as though you had them on the washboard, but it turns them over and over and forces the hot, soapy water through every part, thus washing them perfectly clean in a remarkably short space of time. The rubbing board adjusts itself to the amount of clothes in the machine and will wash one or a dozen pieces equally well, and will not injure the finest fabric.

The tubs are made of White Cedar and with the large end of the tub at the top and small end at the bottom you can do a small washing with less water than with the large end of the tub at the bottom. For sale by

## MOTHERS DAY IS WIDELY CELEBRATED

Contrast Between Yesterday and Same Day Year Age is Subject of Remarks by Many.

### APPEALS MADE BY PASTORS.

Mother's day was celebrated in all the local churches and in those throughout the county yesterday, as is the annual custom. It was heard from the lips of many that this day is so unlike Mother's day last year. This remark was heard from many. "Just think of the number of boys there are home now who were either in the training camp or overseas last year". That in truth is something to be thankful for.

A year ago America was sending her boys overseas to drive back the onrushing hordes of the German soldiery and today they are being returned as fast as ships are available to return them. Mothers were also honored in the A. E. F. yesterday, the same as they were here in the church and in the training camps.

Some of the churches gave yesterday the name of Mother and Sons day as the government asked that they remember the boys returning from the army who are unemployed and an appeal was made by many of the pastors and other speakers for something for them to do when they were returned here. In all respects Mother's day was fittingly celebrated in this and surrounding counties.

### MAKES ENVIEABLE RECORD ON LOANS

Continued from Page One

time to sell Victory notes because not all of the banks have sold their allotment, although they have absorbed their share of the issue. Subscriptions will be accepted until May 20, the date of the fifth issue, because the banks have to make final reports to the federal reserve district bank by that date.

Bonds amounting to \$228,450 have been sold during the campaign by canvassers, according to reports to T. M. Green, county sales director, who received word today of additional sales totaling \$26,500. Washington township reported \$4,800 and Anderson \$2,900. Center township reported \$18,800, all of which went through Henry county banks.

Bonds sold through and taken by the banks are as follows:

Bank of Carthage	\$ 60,000
Arlington bank	35,000
Manilla bank	60,000
Milroy bank	60,000
New Salem State bank	25,000
Farmers Trust Co.	30,300
Rushville Nat'l bank	110,000
Rush Co. Nat'l	179,000
Peoples Loan & Trust Co.	60,000
Peoples National bank	155,000
First Nat'l bank, Mays	30,000
Glenwood State bank	30,000
Falmouth bank	20,000

Total \$854,300

It is not definitely determined whether Falmouth's subscriptions will be allocated to this county by the federal reserve bank. The bank is located in this county and the cashier has reported this sum as the county's share, but whether the federal reserve bank will take the same view of the matter is not known.

## SECRETLY MARRIED MAY 1

Wedding of Mildred Miller and Jacob R. Mull Now Admitted

The elopement and secret marriage of Miss Mildred Miller, daughter of Mr. and Mrs. Tom Miller, living southwest of the city and Jacob R. Mull, son of Mr. and Mrs. Arnold Mull of the same neighborhood, was divulged today. They went to Newport, Ky., Thursday, May 1, where they obtained a license and were married. The Republican received a dispatch the following day that they had been married at Newport, but both young people, and their parents as well, denied it was true. The announcement that the marriage took place, reveals that the dispatch was correct.

## Amusements

### Serial at Mystic Tonight.

Another chapter of the serial, "The Lure of the Circus", will be shown at the Mystic theater tonight. An L-Ko comedy, "Nuts and Noodles", and current events, will also be on the program.

A rare surgical operation is performed in "The Call of the Soul", which will be shown on the screen at the Mystic Tuesday. Gladys Brockwell is starring in this remarkable William Fox production.

The operation is called intra-venous transfusion. It takes place in a scene in which Nancy Caswell, the clever four-year-old William Fox player, is supposed to be at death's door.

A well-known surgeon of Los Angeles was called into consultation, so that the operation would be performed correctly, and that physicians as well as laymen might profit by the showing of the work. The needle was not supposed to touch Nancy's arm in this scene, but William Scott forgot that he was merely acting and jabbed Nancy's arm in four or five places. Yet the youngster never winched. After the scene was completed Nancy said to her mother:

"Mother, he stuck me with that pin and it hurts a lot".

The surgeon heard Nancy and quickly relieved the sting. Every physician should see this rare method of surgery as practised in "The Call of the Soul". There is nothing lacking to make it scientifically correct. One even may see the normal salts running out of the glass tube.

### Dorothy Dalton at Princess

"Extravagance," starring Dorothy Dalton, is the offering at the Princess theatre today, and tomorrow "The Dub," with Wallace Reid in the lead will be shown.

The former is the story of a woman who is being drawn into the vortex of profligate extravagance until her conscience is awakened by a dramatic dream that pictures her husband paying with his very life for the gratification of her social whims. She dreams to meet the bills of her dress-makers and jewelers he gambled until he was short of money.

He then forges a check, is detected, and shoots a pursuing officer, which brings upon him sentence to the electric chair. The wife awakens to a realization it was all a dream—all but the fact that she is surrounded by a wealth of luxuries, the cost of which may have driven her husband into desperate circumstances.

She rushes to his office to find it is true. Then she makes a supreme sacrifice. To his appeal to loan him her private fortune with which to try to redeem his losses on the board she turns a deaf ear. She even suffers him to publicly denounce her as a woman who has taken all and given nothing. But that night at their home she lays her fortune at his feet and pleads with him to go with her to another land, where they can start life anew and build on a stronger foundation of mutual companionship and love.

## The Manufacturing Facilities of The Standard Oil Company (Indiana)

UNDERLYING the manufacturing activities of the Standard Oil Company (Indiana), are the same high ideals of service; the same thoughtful consideration of detail; the same earnest desire to do a big job thoroughly and well, which animates the Company in every other branch of its business.

Every facility which wide experience, ample resources, and the utmost skill of scientifically trained technicians can devise, or suggest, is provided to insure absolute uniformity and the highest standard of quality in each of the many products manufactured by the Standard Oil Company (Indiana).

The manufacturing facilities of the Company are concentrated in three great refineries, one located at Whiting, Ind., covering 700 acres; one at Wood River, Ill., covering 600 acres; and one at Sugar Creek, Mo., covering 200 acres of ground.

The Whiting works is conceded to be the most complete, the most perfectly organized oil refinery in the world. Here practically every product of petroleum is manufactured, and here are located the great research laboratories where the problems of manufacture are worked out and solved.

The plants at Wood River and Sugar Creek are modern in every particular and so organized as to use every part of the crude oil. This enables the Company to keep manufacturing costs at a minimum and to supply its patrons with products of the highest standard at prices which otherwise would be impossible.

The 7,000 earnest, industrious, well-paid men and women who make up the personnel of these three refineries, constitute, we believe, the most loyal, the most enthusiastic, most efficient, industrial army to be found anywhere.

The facilities alone for manufacture maintained by the Standard Oil Company (Indiana) represent an investment of approximately \$60,000,000. This investment is growing constantly to enable the Company to maintain the high standard of service it has set for itself and which it believes the public is entitled to receive.

Mrs. Lucy Addison and Laban Long. Other friends and relatives called in the afternoon.

Among the many informal affairs in honor of Miss Phyllis Dean's house guests was the prettily appointed dinner party given by Miss Dean's mother, Mrs. D. H. Dean, Saturday evening. The dining table was adorned with a bouquet of red tulips and covers were laid for the Misses Pharoa Selker, Ethel Campbell, Evelyn Russell, Phyllis Clark, Janet Dean and Gladys Tinsworth.

Yesterday evening a dainty luncheon was given by Miss Phyllis Dean at her home in North Main street for the same guests and also Miss Marion Tinsworth, Robert Vredenburg, Tom Saunders, John Lewis, Howard Stiers, Lt. Roydon Friend, John Tompkins and Lt. L. E. Kidd of Brazil, Ind.

THE strong and vigorous man or woman is envied by less fortunate humanity afflicted with aches, pains, infirmities and ailments. The sufferer says to himself, "If I could only be well, how happy I would be," for health is more essential to the joy of living than is wealth.

The kidneys almost literally wash the blood and keep it clean and free from impurities. When the kidneys are out of order, they fail to filter out this waste and poisonous matter, it remains in the system to cause backache, rheumatic pains, sore muscles and stiff joints.

## Foley Kidney Pills

Help the system eliminate this poisonous waste. They soothe, strengthen and heal sore, weak and diseased kidneys and bladder. When the kidneys are working properly, appetite returns, refreshing sleep is possible, and health and strength come again.

C. W. Smith, 1235 No. 4th St., Salina, Kas., writes: "I am very much pleased with Foley Kidney Pills. I am working in a coal yard and have been very much troubled with my back. I have taken several doses of Foley Kidney Pills and they have already helped me."

F. B. JOHNSON

## The way CORONA

records your thoughts is a delight to you and all who receive your Corona writing.

## CORONA

The Personal Writing Machine Makes all kinds of writing a pleasure. You can't believe what this 6 pound machine does till you try it. Come in and operate it yourself.

**W. O. FEUDNER**  
 at The Daily Republican.

Albert Uplike was pleasantly surprised Saturday evening by a number of his friends, at the home of Mr. and Mrs. Oscar Williams, south of Arlington, the occasion being his birthday. The evening was spent in contests, games and music. Those present were the Misses Opal Mull, Dora Mull, May Nichols, Miss Taylor of New Salem, Edna Krammes and Katherine Williams and Oren Miller, Lester Cravens of Moores Hill, Ind., Frank Cassidy, Waldo Mohr, Russell Ornes and Oval Cassidy.

Mr. and Mrs. William Suman, of Raleigh entertained yesterday the following guests at a dinner party: Mr. and Mrs. Jake Meyer and sons Donald and Ebert, Mr. and Mrs. George Mesling and son and daughter, Mr. and Mrs. Henry Harpring and son Edgar and daughters Wilma and Mildred, all of Rushville.

Mr. and Mrs. John C. Benning of near Gowdy entertained yesterday the following guests: Mr. and Mrs. Ollie Brown, Mr. and Mrs. Wilbur Warner, Mr. and Mrs. Charles Harcourt and Mr. and Mrs. Jasper Denville of St. Paul.

Mrs. May Martin of Manilla and Peter Neeb of Blue Ridge were quietly married Saturday afternoon, the Rev. Mr. McMullen of Blue Ridge officiating. They will reside on Mr. Neeb's farm near Blue Ridge.

### CONVICTS FIGHT GENDARMES

Paris, May 12—A battle occurred last night on the streets of Naples between liberated convicts and soldiers on one side and gendarmes on the other, a Rome dispatch reported today. Casualties numbered 14 wounded. The soldiers and convicts, defeating the gendarmes, captured the courthouse. The gendarmes took refuge in the barracks opposite where they were later reinforced by a battalion of loyal troops.

## AMERICA'S IMMORTALS

**JOHN J. KELLY,**  
 Private, 78th Company, 6th Regiment, U. S. M. C.  
 Private Kelly was decorated for gallantry in action at Blanc Mont Ridge, France, October 3, 1918. Private Kelly ran through our own barrage 100 yards in advance of the front line and attacked an enemy machine gun nest, killing the gunner with a grenade, shooting another member of the crew with his pistol and returned with his pistol and eight prisoners. Private Kelly's home is at 6149 Kimbark avenue, Chicago, Ill.

### KARL RADEK

## WELCOME HOME FEED FOR STATE SIGNAL CHIEF

To be Held in Honor of Men Who Have Been in Service.

IN INDIANAPOLIS MAY 17

Local members of the Signal Chief fraternity are receiving notification of a "Welcome Home" banquet to be held in the Riley Room of the Claypool Hotel, Indianapolis, on Saturday evening, May 17. The event is to be in honor of the Indiana Signal Chiefs who have been in the service and is held under the auspices of the State Alumni Association of Signal Chiefs, of which James M. Ogden is president.

More than 1,000 members of the Signal Chief fraternity reside in Indiana and the number of these in the service runs into hundreds. It is expected that this will be the largest banquet ever held by the fraternity.

Active chapters at Indiana, Purdue, DePaul Universities, Wabash and Butler Colleges will attend the banquet with their pledges.

## FIRST REPORT ON M. E. PENSION FUND

Shows Total Resources Amount to \$10,772,659.51—Embraces 8,000 Parishes, 5,000 Clergymen

PAID \$1,200,000 IN TWO YEARS

Of Total Resources \$1,600,000 Have Been Invested in 2nd, 3rd, and 4th Liberty Bonds

New York, May 12—The first annual report of the Church Pension Fund of the Episcopal church, issued today, shows that the total resources of the fund amount to \$10,772,659.51. This makes the Church Pension Fund one of half dozen largest pension-granting corporations in the world.

In the first two years of the fund's operation, the Episcopal Church paid nearly \$1,200,000 for old age and disability pensions for its clergymen and their widows and orphans. This is the amount of assessments paid into the fund by parishes and missions in the United States and foreign fields since it started on March 1, 1917.

The Church originally subscribed \$8,712,000 to start the Church Pension Fund and to insure pension protection to clergymen already in office. The fund now embraces 8,000 parishes and missions and more than 5,000 clergymen.

Of the total resources of the fund, \$1,600,000 has been invested by the treasurer, J. Pierpont Morgan, in second, third and fourth Liberty Bonds.

The pension grants in force at the end of the fiscal year covered by the first annual report amount to \$275,465.06. Monell Sayre, secretary and manager of the fund, points out in his report that the assessments paid into the fund during the first two years were 98.6 per cent of all possible payments. This, he says, is probably unprecedented in pension experience in a system where there is no legal compulsion to pay the assessments.

The original subscription of \$8,712,000 has been paid in to the extent of \$6,414,209.63. The balance falls due up to 1922. With the assessments the total resources of the fund actually on hand amount to \$8,444,181.67.

Three million dollars have been set aside to effect mergers with other Church relief funds in order to centralize this work and eliminate further demands upon the Church for relief for clergymen and their families.

### RANK OF ESQUIRE

The Knights of Pythias will confer the Rank of Esquire on two candidates Monday night at 8 o'clock. A good attendance is desired.

### A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

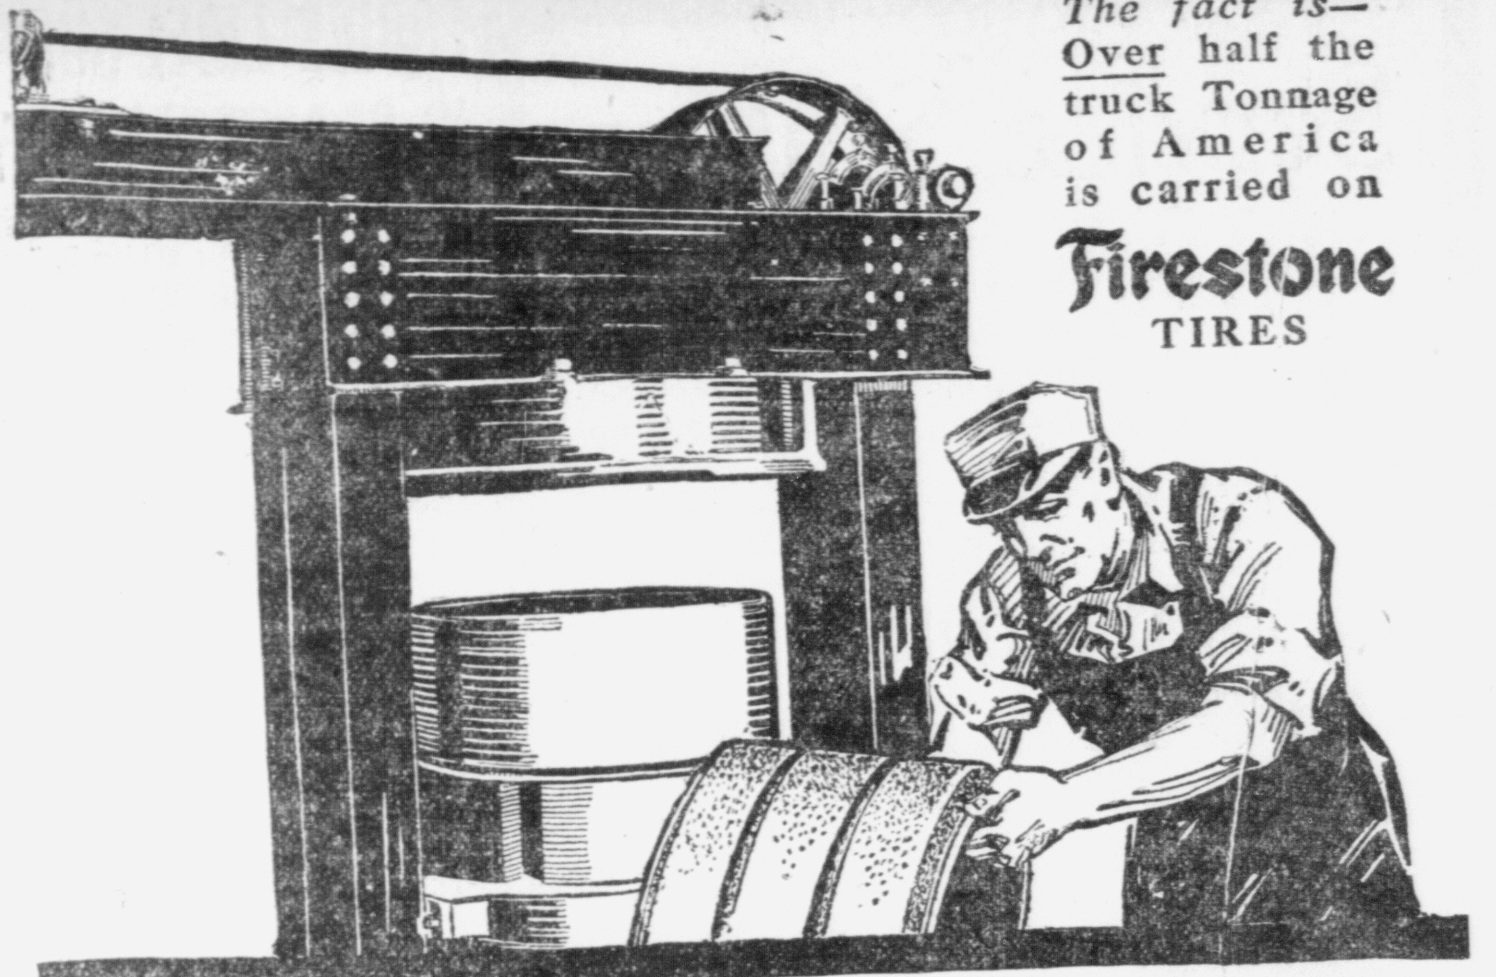

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition. 10c and 25c per box. All druggists.

The fact is—Over half the truck tonnage of America is carried on

## PENNY NO LONGER A DESPISED COIN

Mints Are Being Run on Full Time and With Double Force to Relieve Condition

### RESULT OF VARIOUS TAXES

It is Hoped That in a Short Time The Coppers Will be Plentiful as Heretofore

That the penny is no longer to be ignored as it has been for the past few years, is revealed by the government starting their mints to work making the coppers by the millions during the last few days. These coins are being shipped to the banks by the bushels. The Denver and Philadelphia mints are working almost exclusively on the one cent pieces and an extra shift of workers has been ordered for other mints.

The one cent piece was formerly looked upon as a thing to be given to the children or used to purchase a postage stamp when it was found in one's pocket but today, since the various taxes have been in effect, there is hardly a purse or pocket that does not contain a certain percent of coppers, and they are as important as the dollar when it comes to buying many articles.

The local banks are feeling the effect of the penny shortage for those who formerly kept them supplied with them are now coming and asking for them in order to meet the revenue requirements. This is especially true of the soda fountain dealers as in the course of a day a great number of pennies are handed out in making change.

The shortage is not only a local condition but the whole country is crying for the penny and if the mints do not get busy and make the coppers in great numbers, the merchants will not be able to meet the revenue requirements, but it is hoped in a short time that this shortage will be relieved.

### BIG BOXING MEET

London, May 12.—The annual British Imperial Military Boxing championships was begun here today. Entrants included Canadians, Australians, Irishmen and representatives of all British colonial possessions. The meet lasts two days and is held under the auspices of the Imperial Service Boxing Association.

ONE MAN OPERATES BOTH TRACTOR AND IMPLEMENT

One Man Discs 27 Acres a Day with the New

## MOLINE

UNIVERSAL TRACTOR  
It Solves The Farm Help Problem

Discing is rapidly and economically done with the new Moline-Universal Tractor, Model D, one man with an 8-foot tandem disc harrow covering 27 acres in ten hours. With a 10-foot disc harrow he covers 38 acres, and with a 20-foot peg-tooth harrow 76 acres.

The light weight of the Moline-Universal Tractor, 3,380 pounds, makes it especially adapted for discing and similar work, as it does not pack the soil and uses but little fuel, running on less than half throttle most of the time. It is light, but more than enough power to pull two 14-inch plows at high speed, all its weight being traction weight.

The Moline-Universal Tractor attaches directly to the implement and forms a single, compact unit with it that is controlled by the operator from the seat of the implement, where he must sit to do good work. One man with the Moline-Universal does as good work as two men with the average tractor.

The Moline-Universal is adapted for all classes of farm work. Its high

clearance, 29½ inches, makes it ideal for cultivating, and it is equally well fitted for planting and harvesting. In addition, it has ample power for belt work, pulling a 24-inch grain separator or 16-inch ensilage cutter with ease.

There is work on the farm every day in the year for the Moline-Universal Tractor. It will do every field operation that can be done with horses and do it better, faster, and cheaper. This is why the Moline-Universal really replaces horses, and, at the same time, by enabling one man to do much more work than ever before possible, solves the farm help problem.

The detailed construction of the new Moline-Universal, Model D, is the best it is possible to manufacture. Perfect 4-cylinder overhead-valve engine, electric starting and lighting system, complete enclosure of all working parts, and fifteen Hyatt roller bearings, are a few of the main features.

We invite you to examine this machine at your earliest opportunity.

## FORD'S LIBEL SUIT IS STARTED TODAY

Hearing in Case For Million Dollars Damages Against Chicago Tribune Opens.

TRIAL AT MT. CLEMENS, MICH.

Complaint Outgrowth of Comment on Dispatch That Soldiers Would not Get Jobs Back.

(By United Press.)

Mt. Clemens, Mich., May 12—Henry Ford's million dollar libel suit against the Chicago Tribune was opened here today.

The suit, based on a Tribune editorial of June 23, 1916, headed "Ford is an anarchist" brought hundreds of persons here as witnesses or active participants in the proceedings.

The Tribune's criticism of Ford was printed when the United States was lining up its forces for border service. The editorial on which the automobile manufacturers based his claim for \$1,000,000 was a comment on a special dispatch to the Tribune from its Detroit correspondent. In this dispatch it was said, Ford employees joining the army would not be given their old places on returning to Detroit.

The case originally was set for hearing in Detroit, but the Tribune obtained a change of venue on the plea that Ford's business influence and the number of his employees there might cause prejudice in his favor. The original effort was to have the trial in Chicago. Judge Tucker of the Monroe County circuit court is the presiding judge.

Among witnesses here, or expected here so soon as the jury in completed, are dozens of men prominent in American political and military circles.

Ford's prominence as an "auto king" attracted an unusual crowd for a county court hearing. If freedom is allowed attorneys in presenting evidence there were indications many of Ford's signed peace advertisements will be brought in. Some of these are mentioned in the transcripts now on file.

In his petition Ford stated the editorial which mentioned him as an anarchist tended to injure, defame and destroy his good name and reputation as a law-abiding and order loving citizen of Michigan and the United States and to injure him in his business. He alleged the editorial brought him into public hatred, contempt and ridicule and injured him financially to the extent of \$1,000,000.

Answering the charge made by Ford, Weymouth, Kirkland and other attorneys for the Tribune Company declared that the editorial had been published as a comment on a news dispatch from the Tribune's special correspondent at Detroit which states that Ford employees would not be given back their positions in his automobile plant after service on the border.

The dispatch as printed to the Tribune on June 22, 1916 was as follows:

Detroit, Mich., June 21 (Special)—Ford employees who volunteered to bear arms for the United States will lose their jobs. While most employees have guaranteed not only to give patriotic workmen their old places when they return from fighting their country's battles, but have promised to pay their salaries while they are in service, Henry Ford's workmen will not have a job on their return much less will they receive pay while they are fighting for their country.

Ford's superintendents refuse to say if there are any guardsmen employed in the plant, but it is known that some seventy five of the militia are Ford's employees.

No provision will be made by Ford for their wives and families.

The editorial printed in the Tribune the next day was as follows:

Ford "IS AN ANARCHIST". Inquiry at the Henry Ford offices in Detroit discloses the fact that employees of Ford who are members of or recruits in the national guard will lose their places. No provisions will be made for any one dependent upon them. Their wages will stop their families may get along in any fashion possible their

positions will be filled and if they come back safely and apply for their jobs again they will be on the same footing as any other applicants. This is the rule for Ford employees everywhere.

"Information was refused as to the number of American soldiers unfortunate enough to have Henry Ford as an employer at this time, but at the Detroit recruiting offices it was said that about seventy five men will pay this price for their services to their country."

"Mr. Ford thus proves that he does not believe in service to the nation in the fashion a soldier must serve it."

If his factory were on the southern and not the northern border we presume he would feel the same way. We do not know precisely what he would do if a Villa band decided that the Ford strong boxes were worth opening and that it would be pleasant to see the Ford factories burn. It is evident that it is possible for a millionaire just south of the Canadian border to be indifferent to what happens just north of the Mexican border.

"If Ford allows this rule of his shops to stand he will reveal himself not as merely an ignorant idealist but as an anarchist is enemy of the nation which protects him in his wealth."

"A man so ignorant as Henry Ford may not know the fundamentals of the government under which he lives. That government is permitted to take Henry Ford himself and command his services as a soldier if necessary. It can tax his money for war purposes and will. It can compel him to devote himself to national purposes. The reason it did not take the person of Henry Ford years ago and put it in uniform is first that it has not had the common sense to make its theoretical universal service practical and second because there have been young men to volunteer for the service which has protected Henry Ford for which service he now penalizes them."

"He takes the men who stand between him and service and punishes them for the service which protects him. The man is so incapable of thought that he cannot see the ignominy of his own performance."

"The proper place for so deluded a human being is a region where no government exists except such as he furnishes, where no protection is afforded except such as he affords, where nothing stands between him and the rules of life except such defenses as he puts there."

"Such a place we think might be found anywhere in the state of Chihuahua, Mexico. Anywhere in Mexico would be a good location for the Ford factories."

The Tribune's reply to Ford's allegations are contained in five defenses, the first of twenty nine articles and the other four of three and four articles each.

The defense recites various published interviews with Ford intended to show that he was opposed to military preparedness and that he spent thousands of dollars in advertising in various American newspapers in a campaign against preparedness.

Ford's attorneys will endeavor to show that the manufacturer's acts after America entered the war proved he was not an "anarchist."

### Stop Itching Eczema

Never mind how often you have tried and failed, you can stop burning, itching eczema quickly by applying Zemo furnished by any druggist for 35c. Extra large bottle, \$1.00. Healing begins the moment Zemo is applied. In a short time usually every trace of eczema, tetter, pimples, rash, blackheads and similar skin diseases will be removed. For clearing the skin and making it vigorously healthy, always use Zemo, the penetrating, antiseptic liquid. It is not greasy and does not stain. When others fail it is the one dependable treatment for skintroubles of all kinds.

## Janesville Two-Row Cultivator

WHEN you sit comfortably on the easy riding Janesville Two-Row, and see every plant in every row getting *exactly the cultivation you want it to have*, you think what a blessing it is that you have a machine to do all *that* work. The old timers would think so if they could see you getting over the field so rapidly, and doing the work better than they ever did.

The Janesville Floating Arches solve the problem. They are hung by pendulums from the top bar and swing from side to side with a pendulum movement. You widen or narrow the gangs in the row with your feet. Or lock them at any width desired.

The shovels naturally follow the rows, but you can shift them to either side so quickly and so easily that you can hoe every hill without stopping the team.

Your own weight on the seat bars acts as a lever to turn the wheels slightly up hill—this big advantage takes the down-hill creep out of side-hill plowing. The entire machine is light, compact, flexible—no oiling needed except in wheel boxes.

Cultivate with a Janesville Two-Row—and you will forget that there ever was hard work in cultivation.

FLAPPERS AFTER HEROES  
(By United Press.)

London, April 5. (By Mail).—A "Front Line Chorus," composed of winners of Distinguished Service Orders and Military Crosses, is Producer Albert de Courville's happy innovation in the new Hippodrome revue "Joy-Bells." The war has killed the old-fashioned effeminate chorus man, and even the chorus girl has suffered. Instead of mashers rushing to see shapely shoulders and legs, the flappers will be after the military heroes. All the members of the chorus are demobilized officers, and soldiers.

It's the Truth!  
"Sam is a confirmed liar, isn't he?"  
"Not exactly. Nobody has ever confirmed anything he's said."—Cartoons Magazine.

WORLD'S BIGGEST SCHOOL FOR A. E. F.

Large Institution Opened at Beaume and it is Estimated That Large Percent Will Attend.

BUILDINGS ALL FINISHED.

They Will Number 4,000 and Will Have an Accommodating Capacity of 40,000.

(By United Press.)

Beaume, April 20. (By Mail).—What's expected to be the largest educational institution in the world, or, at least, to have the largest student body, has opened here and the first rush of the anticipated ten thousand students has begun. The buildings are practically all ready. The Army Educational Commission, which will control the school, operating it as a military post, is settled in its headquarters. The commanding officer, Col. Ira L. Reeves, former professor of military science at Purdue University, has been at Beaume six weeks, supervising preparations. Dr. John Erskine, professor of English at Columbia, is educational director or president of the faculty.

In the faculty are President Kenyon L. Butterfield of Massachusetts Agricultural College, directing the department of agriculture; Louis L. Reber, dean of the University of Wisconsin, directing the engineering department, and Dr. F. E. Spaulding, superintendent of schools at Cleveland, in an advisory capacity.

There are fourteen colleges. When in full operation the university, together with the agricultural college nine miles distant will accommodate nearly 40,000 men, housed in one

thousand buildings. The buildings are semi-permanent structures of brick and concrete, 600 of them dormitories and mess halls and the remainder class rooms, laboratories, lecture rooms, recreation and entertainment halls. Athletic fields are being built.

A building to accommodate nearly a half million books, furnished by the American Library Association, will be the library. It will surpass many a library in American universities and is intended to cover every subject.

For enrollment, high school or equivalent education is required. The university is opened to all members of the A. E. F., officers and privates alike. There is no cost for tuition, text books, transportation or housing and students will draw their regular pay while in school. If a student's organization is ordered home while he is at school he may remain in school if he desires, so long as the A. E. F. continues to operate it.

WEATHER FOR WEEK

Washington, May 12.—Showers are probable for the first half of the week and during the second half of the week, the weather will be generally fair. The temperature will be normal.

Some of the monks of Tibet are still printing books in the manner followed 100 years ago.

MORE RED BLOOD AND STEADIER NERVES FOR RUN DOWN PEOPLE

The World Demands, Strong, Vigorous, Keen-Minded, Men and Women

It has been said of Americans that they work their habits overtime.

Many become nervous and inefficient by overwork. By worry, despondency, social affairs, robbing brain and body of needed rest; excessive use of tobacco, indulgence in strong alcoholic drink—excesses of every kind that burn up the vital powers so necessary in these trying times to make both men and women fit to be of help to themselves and others.

It is time to be temperate in all things. The man or woman with impaired nerves caused by impoverished blood lacks vigor, the ambition, the endurance and the keen mind of those who avoid excesses.

Timidity, despondency, fear, trembling hands, want of confidence and even cowardliness, are due in a large measure to abused nerves. People with plenty of red blood corpuscles and strong, healthy nerves have no desire to shirk work and lean on others for guidance and support.

There is hardly a nerve-shattered man or woman (unless of an organic disease) in America today who cannot become alert and clear in mind; vigorous and energetic in body in a very few weeks and at trifling cost.

To become strong and ambitious, to feel that work is not drudgery; to have steady nerves, abundance of red blood and power of endurance; to be not only a man but as men now go, a superman, you must take seven tablets of Bio-feren every day for seven days—and take them faithfully.

Take two after each meal and one at bedtime and after seven days take one only after meal until the supply is exhausted.

Then if you feel that any claim made in this special notice is untrue—if your nerves are not twice as steady as before; if you do not feel ambitious, more vigorous and keen-minded, the pharmacist who dispensed the tablets to you will gladly hand you back just what you paid for them.

Bio-feren is without doubt the grandest remedy for nervous, rundown, weak, anaemic men and women ever offered direct through druggists and is not at all expensive. All druggists in this city and vicinity have a supply on hand—sell many packages.

MONEY  
This is the season of the year when ready money is scarce with most people. You can get any amount you need from \$20.00 to \$300.00 on your own security—length of time to suit your convenience. Best legal rates.

# FARM IMPLEMENTS—

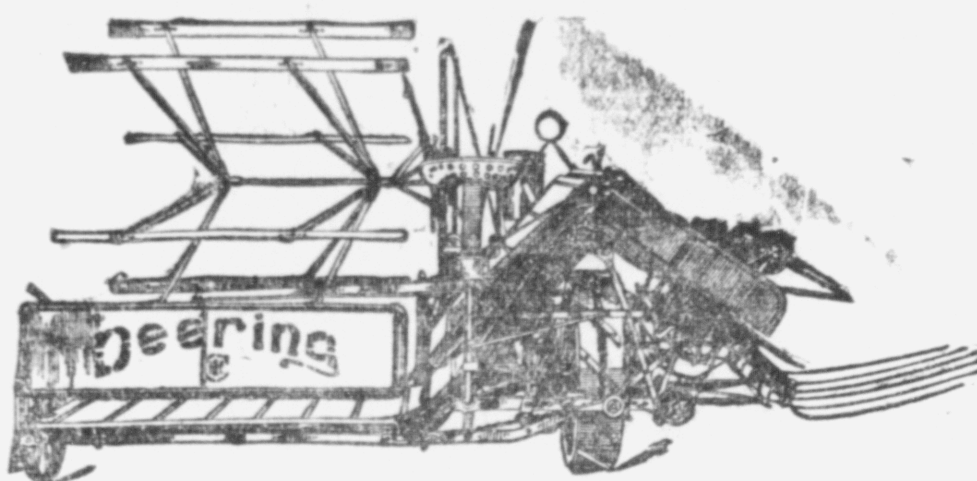

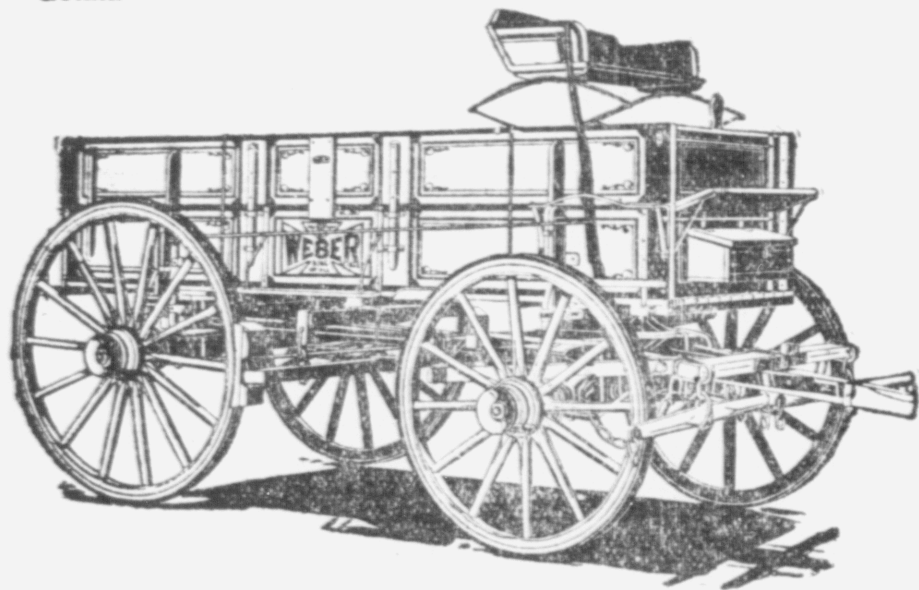

## Deering Mower Assets

A THOROUGHLY dependable mower is a big asset at haying time. A good mower should be able to cut grass in any condition satisfactorily, and in this respect the Deering New Ideal is a pronounced leader. Note the flexible movement of the cutter bar which permits close cutting over rough ground, the one-piece main frame with all holes drilled in one operation to secure perfect alignment of parts, the covered gears and the special quality steel ball and roller bearings, etc.

Still another point—the ledger plate on the Deering mower extends the full length of the cutting surface of the guard, giving the advantage of a complete shear cut, whether the knife section is old or new. This does away with all clogging of the grass between the knife section and the rear end of the ledger plate.

Drop in and see us and we will show you the mower in detail.

## Buy a Deering Binder

A FARMER who has spent the best part of his life growing grain and who has figured out every side of the profits and losses of grain growing says that the binder is the one machine that made possible any great profit in the business of raising small grain. He also says that, no matter what he could buy any other binder for, he would buy a Deering, because, after years of experience in many different kinds of grain fields, he knows that the Deering will take care of any problem in grain cutting that it may have to face.

The Deering binder has been on the market for close to three-quarters of a century. More than any other machine, it has had the benefit of expert knowledge and of field tests of every kind.

You will appreciate the Deering binder. Come in and see us.

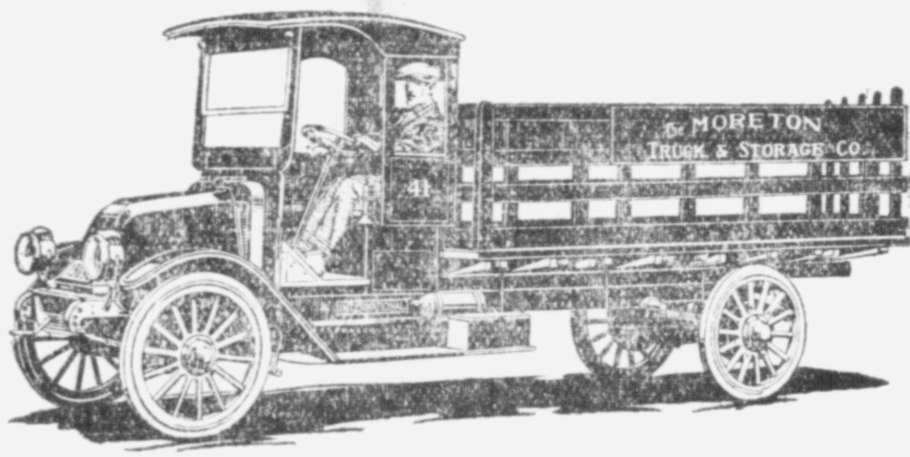

## Have You Seen the Fifth Wheel?

This Is a Strong New Weber Wagon Feature

YOU can find the new fifth wheel, the biggest wagon improvement, only on International wagons. We can demonstrate how the Weber fifth wheel makes the best wagon still better.

The famous fifth wheel on the Weber, made of strong, malleable iron, with large wearing surface, does these things: It distributes the strain on the front bolster and sandboard; overcomes pitching of bolster, so preventing bending or breaking of the king bolt; does away with pulling up of front bolster and bending of circle iron.

The top plates of the fifth wheel are widest, so the lower plates are protected and no dirt gets in between. The more you study the merits of this feature, the more you will appreciate its importance.

THE C. B. & Q. PLANTER will help you get the kind of a stand of Corn you want. Wet weather has placed you in a position where you do not want to take any chances on replanting. Our MOTOR CULTIVATOR helps you make the CORN Crop that will make you money and is the least expensive tool on the market today. Our DEERING and McCORMICK grain and hay tools are the kind you and your father have always used. And when it comes to WAGONS and TRUCKS, why not buy a WEBER wagon or an INTERNATIONAL truck. People who know what the value of experience is worth buy them. The Standard Oil company buys International Trucks and the farmer that is wide awake buys Weber wagons. Then if you do not feel like a Motor Cultivator is what you want, Remember that we have the One and Two-Row Cultivators that are the very best production of men who have studied corn plowing all their lives, and the most essential part of all this is that you can always get REPAIRS for any tool we sell and get it when you want it.

We have the ONLY complete stock of Implements and Repairs in Rush County and we carry this complete stock for your benefit. Come and look our stock over and you will be satisfied that we can be of great service to you.

## Getting repairs is a big thing—

A larger proposition than you realize until you need a small repair you can't get, and if you can't get them, then you will realize what our repair service means to you. Don't wait until you are ready to pull into the field before overhauling your machines and ordering repairs. If you do you may be held up in your work, and lose part of your crops.

## WILL SPIVEY--RUSHVILLE, INDIANA

### WHEAT CONDITION REMAINS THE SAME

George C. Bryant Estimates That the State Will Yield More Than 60,000,000 Bushels.

#### HESSIAN FLY IS REPORTED.

A Small Portion of the River Bottoms Will be Abandoned on Account of Flood.

Indianapolis, Ind. May 12—The wheat condition in Indiana remains practically the same as last month, again indicating a \$60,000,000 bushel crop for the state, according to the report issued today by Geo. C. Bryant, Field Agent of the Bureau of Crop Estimates, United States Department of Agriculture. In only two counties in the northern part of

the state has Hessian fly been reported, but there is a yellowness on some of the plants that may prove a damaging disease. A little of the bottom land wheat along the White and Wabash rivers will be abandoned on account of floods last month, but this is very small compared with the total acreage. Many of the rye fields will not be harvested because they have been pastured to such an extent that it will be more profitable to turn them under and use the fields for corn; the total acreage, however, will be somewhat larger than last year. The hay acreage will be somewhat less than last year because of the condition of the meadows and the ground can be used to better advantage in

other crops. The percent of hay remaining on farms is about the average for this time of the year. The condition of hay crops and pastures is not as good as it could be; warm sunshine being needed to start the growth. While spring plowing and sowing was somewhat retarded during the recent rainy weather they are about up to the usual. Much farm help will be needed this month to put in the average acreage of corn. The condition of all live stock is good and the mortality for the past year was about average. The report follows:

The only abandonment of wheat acreage is in the bottom lands in the southern part of the state and amounts to less than 25,000 acres. The conditions of the acreage to be harvested remains the same as last month, 100 percent. While some reported thought the severe frosts during the latter part of April had done some damage to wheat that had jointed it was not verified on examination by experts. Considerable of the wheat shows a yellow-

ness that may develop into serious damage, but most people attribute it to the damp weather and lack of sunshine. The Australian Take-All disease has been reported from one Illinois county, but so far no reports of the disease have been made in any Indiana counties. The symptoms of this dread disease are a complete check of plant growth, the plants turn a very dark color, almost black, and die. The first appearance is in spots which enlarge very rapidly.

Some rye fields that had been put

in for grain will not be harvested on account of having been pastured to such an extent that it will be more profitable to put the ground in other crops. This year's acreage, however, will be somewhat larger than last year.

Some good, warm sunshine is badly needed to start meadows and pastures. The hay acreage will hardly be as large this year as last due to the drought last year which left many of the fields in very poor condition.

Up to the middle of April the spring plowing and sowing was considerably ahead of the usual. The rainy weather during the latter part of the month, however, retarded the work to such an extent that much extra farm labor will be needed during May to get in the average acreage of corn.

The mortality of live stock during the past year was exceptionally low until the early part of the spring when much complaint was received of contagious abortion among cattle and influenza in swine, which

caused many sows to farrow dead litters. Influenza was also quite serious among sheep. The general healthfulness of all live stock at this time is exceptionally good.

### \*\*\*\*\* Cannibals to See Selves in Movie \*\*\*\*\*

(By United Press.)

Los Angeles, Cal., May 12—Hungry Island cannibals are going to see themselves as others see them.

Martin Johnson, who won prominence by invading the South Sea islands with a motion picture camera and getting films of the cannibals in their native haunts, has started back to Hungry Island with his films.

He's going to show them to the cannibals and see what happens.

## DECIDE TO REJECT THE PEACE TREATY

Majority Groups of National Assembly Reach This Decision, German News Agency Says

### TAKE UP HUN COMMUNICATION

Big Four Refers Them to Committee of Experts—Austro-Hungarian Reduced to 3rd Class Nation

(By United Press.)

Basle, May 12.—A German news agency reported today that the majority groups of the national assembly decided to reject the peace treaty.

Zurich, May 12.—Austrian delegates headed by Chancellor Renner are expected to reach this city Tuesday noon enroute to the peace conference. They will probably arrive in St. Germaine on Wednesday.

London, May 12.—A Berlin dispatch received here today reported that resignation of Foreign Minister Brockdorff and possibly Herr Landsberg, as members of the German peace delegation, is considered inevitable. The Berlin garrison was said to have been increased to 120,000 owing to fear of riots during the consideration of the peace terms by the national assembly.

Paris, May 12.—The Big Four today took under consideration the latest German communications regarding the peace treaty. The notes were referred to a committee of experts.

Uncertainty has developed regarding the prosecution of the former Kaiser, it was learned today. This was said to have arisen from the Belgian refusal to act as prosecutor.

Paris, May 12.—The Austro-Hungarian peace terms, while designed to reduce the former dual monarchy to a status of a third class nation, will provide for its economic rehabilitation, it was learned from an authoritative source today.

The treaties are expected to be ready for presentation this week. The outstanding feature naturally will be the definition of boundaries. This will officially establish the independence of German Africa. As in the German treaty, the first section of the Austro-Hungarian pact will be the league of nations.

Berlin, May 12.—All German officials are displaying feverish actions in connection with the peace treaty.

The cabinet met daily and various political factions passed resolutions after resolutions representing their opinion on the treaty, to which no one paid any attention. Interest centers in the conference of the national assembly. That body met yesterday and reconvened today.

The nation's mourning week decreed by the government which became effective on Saturday, is being fully observed, according to reports from all parts of the country. All dancing, gambling, horse racing and concerts have ceased. The government, it was reported today, ordered withdrawal of all troops from the Russian provinces for defense of Silesia, and West Prussia.

### TRACK MEET POSTPONED

The triangular track meet at Shelbyville could not be held Saturday on account of the inclemency of the weather and will be held here at a later date, according to the reports received. The meet will be dual, however, instead of triangular, and the locals will compete for honors with the Technical high school of Indianapolis.

## AUTO COLLISION AVOIDED

But Both Machines Run Down Embankment in Doing so Sunday

An unknown person and Will Dill of this city figured in an auto accident late yesterday evening in South Main street near the south entrance of the covered bridge. Mr. Dill was going south and did not see the other machine which was coming from the Jones race track, from the west. In order to keep the cars from colliding Mr. Dill dodged the machine and ran over the embankment on the right side of the road and the driver of the Ford lost control of his machine and went over the embankment on the east side. No serious damage was done to either machine and the occupants all escaped uninjured.

## AFFIDAVIT AGAINST JAMES HOBBS NOLLED

Former Soldier Allowed to go Free When he Remarries Leila Cross, Age 16, Today

### DOG SUIT DISMISSED AGAIN

The affidavit against James Hobbs, former soldier, who was accused of contributing to the delinquency of a minor, was nulled in juvenile court today by Irvin Cross after Hobbs agreed to remarry his daughter, Miss Leila Cross, age 16, with whom he eloped to Newport, Ky., a week ago Saturday. A license was issued to the couple this morning and they were married by the Rev. L. E. Brown of the Main Street Christian church.

The case of Charles Montague, a Frenchman, who was arrested in Indianapolis on the same charge a week ago Sunday, has been set down for trial next Thursday.

The replevin suit of Benton E. Wilson and Jehu Hunt, against Arthur Roberts, which was in substance a controversy over the ownership of a dog, was dismissed in circuit court today for the second time for the want of prosecution, and the costs were assessed against the plaintiff. Eighteen veniremen reported for the trial. The case was dismissed March 3 when the plaintiff failed to appear, as today, but was reinstated on March 11 when the plaintiff's motion to set aside the dismissal was sustained.

## COUNTY DIAPASON SINGERS TO MEET

C. C. Chester of Des Moines, Iowa, One of First Teachers Here, Expected to be Present

### OTHER NUMBERS ON PROGRAM

The sixteenth annual reunion of the Rush County Diapason association will be held at the Main street Christian church next Sunday afternoon at 1:30, with John A. Spurrer as precursor. C. C. Chester of Des Moines, Iowa, one of the first teachers in this county, will be present at this time.

Mrs. M. R. McDaniel of Oak Park, Illinois, who is visiting relatives here, is expected to stay over and take a part in the afternoon program. Miss Peterson of Kennard, Indiana, is also expected to be on the program with some of her favorite cornet solos. Following the regular program, a musical talk will be given by Mrs. M. R. McDaniel. The program is cordially invited to all members of the association and to all who are interested in the history of the county. The program will be held at the Main street Christian church, with John A. Spurrer as precursor. The program is cordially invited to all members of the association and to all who are interested in the history of the county.

## MAKES ENVIABLE RECORD ON LOANS

Rush County Subscribes \$4,199,100 to Five War Bond Issues, Making Best Showing on Third

### FIFTH CAMPAIGN IS CLOSED

Victory Notes Will be Sold, However, Until May 20 When Final Reports Must be Made

When the record of Rush county's participation in the world war is finally written, nothing will add more to the fame and glory of the county than the way it responded to the appeals of the government for funds to conduct the war.

With the Victory loan officially closed with an oversubscription of \$29,300 a tabulation of the subscriptions to the four previous loans reveals that the people of this county bought government bonds to the amount of \$4,199,100 during the war.

The Victory notes taken during the campaign which closed Saturday night totaled \$544,300, and the county's quota was \$825,000. The records for the first four loans are as follows:

With an allotment on the first issue of war bonds of \$337,360, the county bought \$362,500 worth, making an oversubscription of 12.9 percent.

The allotment in the second loan was \$944,000 and the subscriptions amounted to \$1,000,000, which made an oversubscription of 17.1 percent. The subscriptions on the third loan, when the best record was made, amounted to \$797,950 and the quota \$495,000, so that the oversubscription was 52.55 percent.

In the fourth loan the subscriptions amounted to \$1,184,300 on an allotment of \$1,100,000, making an oversubscription of \$84,300.

Congratulating Rush county on the part she took in the Victory loan, Earl H. Payne, county chairman, has received the following telegram from W. H. Wade, state chairman for the seventh federal reserve district:

"Our congratulations to your organization and the citizens of Rush county upon the splendid fashion in which you have supported the Victory loan. The record is one of which you should be very proud and we rejoice with you that you are over the top."

German helmets given to the county to be awarded to the winners of contests, will be presented by J. H. Scholl, superintendent of the Rushville schools, chairman of the committee. A declamation contest was conducted in the schools here, with the helmets as prizes.

Medals made of captured German cannon will be awarded by T. M. Green, county director of sales, to workers who made the best records in the sales of bonds.

The banks of the county will continue on Page Five

## MACHINE IS BADLY DAMAGED

Tires and Top of Charles Stewart's Car Cut With a Knife

That someone in the vicinity of Milroy is bent on doing residents a mean trick is self evident since last Friday evening when the Ford machine of Charles Stewart was taken from Main street in Milroy. After being driven south of town for a short distance, the tires were slashed with a knife and the top was cut in holes until it was beyond repair. Mr. Stewart stated that he did not know of anyone in that or any other vicinity who held an enmity against him and could not imagine anyone's motive for doing such a trick.

## DIFFERENT PLAN TO BE FOLLOWED

Old Methods of Canvassing Will Not be Used in Raising County's Salvation Army Quota

### APPEALS TO BE MADE BY MAIL

Tri Kappa Sorority Will Sell Doughnuts, Made by Famous Recipe, on Doughnut Day, May 21

The Salvation Army drive to raise \$3,000 in Rush county for the Home Service Fund, May 19 to May 26, will be conducted differently from any previous patriotic campaign for subscriptions.

Instead of perfecting an organization for canvassing in every road district, an appeal will be made by mail to approximately one thousand patriotic citizens of the county, asking them for a contribution of sufficient size to meet the county's allotment.

It is believed that by this means, the drive can be effectively made with the least amount of effort and with the best results to be obtained at this time. Patriotic workers have campaigned for this fund and that fund with scarcely any relief since the war began, and it is the belief of those in charge of the campaign that the wonderful record of the Salvation Army in the war is so well known that the county's quota can be raised by simply making an appeal by mail.

Tom Riggs was appointed chairman for the drive in this county some time ago and two other members of the county committee have just been elected. Miss Anna Bohannon will act as secretary and Gurney Cohee of the Rush County National bank as treasurer.

Special stress will be given two special days in the campaign, Salvation Army Sunday and Doughnut Day in the Rush county drive. Ministers will be called on to devote one of their sermons to the Salvation Army next Sunday, when a special appeal will be made from all the pulpits in the county for the campaign. Doughnut day will be observed on Wednesday, May 21.

The Tri Kappa sorority decided at an all day meeting Saturday to sell doughnuts and give the proceeds to the fund. The doughnuts will be made by the recipe which was used on the front lines in France, and brought just fame to the work of the Salvation Army. Further announcement will be made regarding the places where the doughnuts will be on sale May 21.

The Home Service fund is for the purpose of doing away with methods formerly used by the Salvation Army to raise money for its support. No longer will the Salvation Army lassie with her tambourine pass among crowds or visit places of business to collect pennies and other small contributions. The Home service fund will meet the needs of the army and allow the Army workers to devote the time formerly used for this purpose for relief work.

It was the work of the Salvation Army in France that opened the eyes of the public to the practical nature of what is done by that body. It was demonstrated over and over that no service for the soldiers was too humble or difficult for its members to perform; no self-denial for the soldiers' sake too great. The story of "Ma" Burdick 60 years old, just returned from France is the story of many.

At the front she worked under shell fire, her silvered head protected by a steel helmet. She cut off the rain and mud-soaked tails of the soldiers' long coats and fashioned the remnants into fatigue caps. She tried flannels over caps. She fashioned from scrap metal and turned the toothsome batter.

## VALUABLE CHICKENS TAKEN

Thirty White Plymouth Rocks Are Stolen From Carey Cross

The local police were busy this morning informing local poultrymen and others of this county to be on the lookout for a bunch of white plymouth rock chickens, each with a toe off the left foot and with one wing painted with gray paint. They were specially marked this way by Mr. Cross. These chickens, about thirty in number, were stolen Saturday night from Carey Cross, who lives on the Powers and Jay farm southwest of Rushville. The chickens were valuable and are considered quite a loss to Mr. Cross as they were pure-breds. The police have no clue as to who stole the chickens although they are making an investigation.

## ORDERS LIBERTY LOAN ARMY BE DEMOBILIZED

Secretary Glass Arranges For Discharge of Great Corps of Volunteer Workers Today

### 16 MILLION SUBSCRIPTIONS

(By United Press.)

Washington, May 12.—Demobilization of Liberty Loan army of two million was ordered today by Secretary of the Treasury Glass. With the close of the Victory drive, Secretary Glass made arrangements for the discharge of the great corps of volunteer workers today. The force of paid experts, however, will be released slowly.

Federal reserve banks are swamped with work of tabulation of reports. All federal banks reported that the subscriptions yet to make would keep them busy more than a week. Messages received here said: "No figures showing definitely the amount of oversubscriptions were available today."

Treasury officials, however, believe that the surplus will aggregate possibly \$1,000,000,000 while the minimum quota which the treasury accepted was \$4,500,000.

Estimates placed the number of individual subscriptions during the campaign at 16,000,000 in the fourth loan the number was 21,000,000 but that campaign was for six billion dollars.

## MAY BE TAKEN TO A PRIVATE SANITARIUM

Mrs. Haugh Will Probably be Given Chance to Recover Before Being Placed on Trial

### SAYS SHE WANTS CHILDREN

(By United Press.)

Indianapolis, Ind., May 12.—Mrs. J. Guy Haugh, charged with shooting with intent to kill her husband, will probably be taken to a private sanitarium to recover from a nervous breakdown.

Mrs. Haugh did not appear in court this morning but was represented by her attorney, Charles J. Orbison. Mr. Haugh was seen in the hallway adjoining the court room, but was not in the room. He was represented by his attorney. Mrs. Haugh's bond is \$8,000.

"If the court decides that I may have the custody of my two children, I'll go back to France and stay there," said Mrs. Haugh in a conversation today with Mrs. Isabelle Phillips, police attorney.

ODD FELLOWS NOTICE  
The Rush County Odd Fellows lodge No. 1200 will hold a social evening at the home of Mrs. J. H. Scholl, superintendent of the schools, on Wednesday evening, May 15, at 7 o'clock. Every member is urged to be present.

## DEFENSE BODIES ARE DISSOLVED

Governor Goodrich Issues Proclamation Today, Ending Activities of State and County Councils

### WERE CREATED 2 YEARS AGO

Praises Their Work, Calling Attention to Fact They Were Recognized as Best in America

(By United Press.)

Indianapolis, Ind., May 12.—Governor James P. Goodrich today issued a proclamation dissolving the state and county councils of defense. The governor praised the persons who served on these boards and again spoke of Indiana's war record. The proclamation follows: To the Members of the Indiana State Council of Defense and the Several Indiana County Councils of Defense—

"Just two years ago at the direction of the federal government, I issued a call for the organization of the Indiana Council of Defense. These years have been filled with events of trying importance to mankind—glorious events so far as the American people are concerned. For during that time we have fought and won a great war, have rushed to the assistance of the forces fighting the battles of humanity in Europe and have emerged triumphant from mightiest conflict in all human history.

"Two years ago we were just setting upon the task which Providence has assigned us. Now the war is won and the terms of peace will soon be imposed upon an impotent foe.

"Two years ago only a few had come to the full realization of the work before us, had come to know that it was not necessary to raise a great American army but necessary to organize the entire American people for a conflict not of armies but of nations. The agency selected for this task was the Council of Defense in national, state and local organizations.

"I need not tell you how successful was this organization of Indiana. The Hoosier people will ever have cause to remember with pride the record of their commonwealth in the great world war. In the raising of troops and money, in the production of food and munitions, in the fine example of loyalty and devotion to duty our people were surpassed by none in America.

"A great share of the credit for all of this is due to you men and women of the state and the county Councils of Defense.

"With splendid leadership and a fine spirit of patriotism and industry you organized the state of Indiana for war purposes from the townships up. You educated the people as to the necessity of submitting willingly to the drafts; you made it possible for our boys going into the service to secure legal and medical assistance for the asking; with your speakers bureau, your publicity man, and the good example of your own conduct, you created sentiment and furnished inspiration for the successful conduct of the Liberty Loan campaign and other movements for the raising of funds for patriotic purposes; you encouraged patriotic endeavors of men and discouraged those which were ill-advised; you inspired the people to production and conservation of food and fuel; you directed the organization of local patriotic organizations of a military and civil nature, and last but not least you inspired and created so fine a spirit of Americanism in Indiana that any tendency to disloyalty and sedition was nipped in the bud and Indiana was at all times 'pro-American' heart and soul.

## DO NOT BE TROUBLED BY BIG SHOE BILLS

Fifteen months of service from a pair of Neelin Soles is claimed by F. T. Evans of Seattle, Washington. "Then I had them half-soled and they are still good," says Mr. Evans.

Big shoe bills do not trouble the man who gets wear like this from his shoes. If you are interested in cutting down your shoe expense, be sure that the shoes you buy have Neelin Soles.

You can get them on new shoes in many styles for men, women, and children; and they are available everywhere for re-soles, too.

Neelin Soles are made by Science to give long wear, and to be comfortable and waterproof. They are manufactured by The Goodyear Tire & Rubber Co., Akron, Ohio, who also manufacture Wingfoot Heels—guaranteed to outwear all other heels.

## Neelin Soles

LONDON—Over 1,500,000 women in Great Britain will be unable to find husbands, according to statistics enumerating the proportion of males to females in the country.

## MRS. AMANDA VEATCH DIES

Wife of John J. Veatch Expires at Home in Walker Township

Mrs. Amanda Veatch, age 74, died at her home in Walker township yesterday morning following a long illness. She was the wife of John J. Veatch who resides near Hearsel's cemetery. She is survived by the husband. The funeral services will be held tomorrow afternoon at two o'clock at the late residence in charge of the Rev. Mr. Ortt and Mr. McMullin of Homer, and burial will be made in the Goddard cemetery.

## HOSPITAL MEN HOME

Russell Kirkpatrick and Neff Ashworth, who were enlisted men with Base Hospital No. 32, which arrived from France several days ago, have been discharged from the service at Camp Taylor, Ky., and have reached Rushville.

## STRIKE AND BALLOT WEAPON OF WOMEN

Female Wage Earners in England Are Out to Compete With the Men For Positions

## ON A BASIS OF EQUALITY

Their Slogan is Equal Pay For Both Sexes Instead of Plan That is Now in Use

By DON E. CHAMBERLAIN  
(U. P. Staff Correspondent.)

London, April 20, (By Mail).—British working women are out to compete with men for jobs—on a basis of equality. Equal pay for both sexes is their slogan.

And included in their program is a demand for a minimum wage and a shorter working day.

Miss Jessie Stephens, general organizer of a number of women's trade unions, representing a total membership of seventy thousand, said to the United Press:

"The war has changed the labor situation as regard men and women. The working woman's position in Great Britain today is a great improvement on that held by her before the war. In previous wars women have taken the place of men and have eventually been forced back to their old economic slavery. In the present war, however, women have taken the places of men in greater numbers than at any other period in the country's history. They have gone into occupations and professions which were always sacred to men and have proved themselves, in most cases, every bit as capable or even more capable than men.

"The time has long passed when women could be induced to acquiesce in a lower standard of wages. Women are out to compete with men for jobs on equal terms—equal pay for equal work. The women are in accord with the men for a minimum wage and shorter working day. To aid in achieving this, they are joining trade unions in large numbers. Never before in the history of trade unions in Britain have so many women been organized industrially. The National Federation of Women Workers had quadrupled its membership.

"Women will not return to pre-war conditions. They are organizing with the full intention of striking to obtain their demands, if they are not conceded by negotiations; if that fails they still have the vote to fall back upon. We have only been enfranchised a few months, but we have learned already the value of the political weapon, when used in conjunction with the strike.

"War work has done women more good than harm. They have been made to realize in a very vivid manner how necessary they are to the well being of the whole community."

The number of women actually taking men's jobs during the war was 1,516,000, of whom 531,000 are classified under the heading Industries, 532,000 under Commerce, and 187,000 under Government establishments.

In addition to these figures, new employment was found for 1,532,000 women and girls, divided as follows: Industries, 537,000; Commerce, 354,000; Government establishments, 197,000. The most striking increases, in those spheres where women were not much employed formerly, are the gas, water and public utilities corporations which in pre-war days employed only 600. Four thousand substitu-

tes for male labor were found, and new jobs created for 4,000 more.

The tramways formerly employed 1,200 women, but they took on 17,000 "substitutes," and found new employment for another 18,000.

## HOG PRICES ARE 15 CENTS HIGHER TODAY

Advance is Noted in Indianapolis With Receipts Five Hundred More Than Saturday

## GRAIN MARKET IS STRONG

Hog prices were fifteen cents higher in Indianapolis today with receipts 500, more than Saturday. The grain market was strong and cattle prices were slow.

## GOVERNMENT TO GIVE STATES MOTOR TRUCKS

Army Equipment Valued at \$45,000,000 Is Donated For Use on Federal Aid Roads

## NO TRUCKS TO INDIVIDUALS

Washington, May 12.—More than \$45,000,000 worth of motor trucks are about to be distributed by the Secretary of Agriculture through the Bureau of Public Roads to the State Highway departments. These trucks have been declared surplus by the War Department and are being distributed to the States under the provisions of Section 7 of the Post Office Appropriation Bill. They must be used by the States on roads constructed in whole or in part by Federal aid, for which \$200,000,000 in addition to the former appropriation was given to the States under the same bill. All that the States must do to acquire the use of these 20,000 trucks, which range in capacity from two to five tons, is to pay the loading and freight charges.

Of the 20,000 motor vehicles to be acquired practically free by the States, 11,000 are new and 9,000 are used, but all are declared to be in serviceable condition. The motors will be apportioned to States only upon request of the State highway departments on the basis of the requests received from the respective States, and in accordance with the apportionment provided in the Federal aid law approved in 1916. The requirements of the law are such that the Bureau of Public Roads can not distribute any trucks to counties or individuals.

A scientist claims to have discovered a gas that has the same relation to hydrogen that ozone has to oxygen.

## Days Pickings

Mrs. Henry Mull, who has been ill at her home southwest of Rushville for some time, is not improving.

The condition of Fred Mull, who has been suffering with an extended illness at the home of Mr. and Mrs. S. R. Mahin southwest of Rushville, shows no improvement.

Mrs. J. W. Hall, living north of Gings, probably holds the record in the county for the sale of eggs. One day last week she sold forty dozen, at forty cents a dozen, which was composed of six days gathering, or an average of eighty eggs a day.

## Unshaken Testimony

Time is the test of truth. And Doan's Kidney Pills have stood the test in Rushville. No Rushville resident who suffers backache, or annoying urinary ills can remain unconvinced by this twice-told testimony.

Harrison Levi, 931 N. Sexton St., Rushville, says: "I used to have to get up six or seven times each night on account of the too frequent passages of the kidney secretions. Often the secretions were scanty and pained in passage. I also had severe backaches. Nothing ever did me any good until I began taking Doan's Kidney Pills, which I got from Johnson's Drug Store. It didn't take them long to fix me up; the pains left and my kidneys again acted regularly."

OVER THREE YEARS LATER, Mr. Levi said: "I am glad to confirm my former endorsement of Doan's Kidney Pills, for they have given me a permanent cure."

Price 60c, at all dealers. Don't simply ask for a kidney remedy, get Doan's Kidney Pills—the same that Mr. Levi had. Foster-McMillan Co., Mfgs., Buffalo, N. Y.—(Ad.)

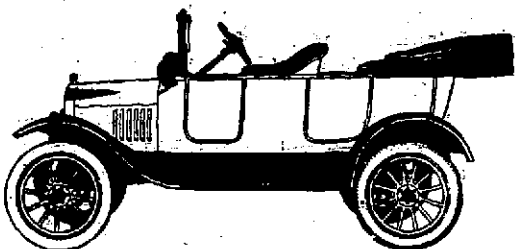

# Ford

THE UNIVERSAL CAR

The Ford One Ton Truck is one of the sure business utilities, and likewise just as big a necessity on the farm. Farming is surely a business proposition wherein success depends upon economical methods with up-to-date machinery. The Ford Truck will prove a great economy on the farm. The marvel is "how the farmer has got along without it all these years." It is a servant that serves, always ready and always economical. Price \$550, without body, f. o. b. Detroit.

## RUSHVILLE PASTOR IS ON THE PROGRAM

L. E. Brown Will Speak at Annual Convention of Disciples of Christ Opening in Indianapolis

### FIRST SESSION HELD TODAY

(By United Press.)

Indianapolis, Ind., May 12.—Pastors and representatives of Indiana churches of the Disciples of Christ came to Indianapolis today to attend the annual convention. The meeting will continue until Wednesday night.

The meeting opened shortly afternoon today with the devotion by Charles F. Ross of Crawfordsville; Rodney L. McQuarry, South Bend, followed him with an address.

Long programs for every morning, afternoon and evening of the meeting show the leaders expect much work to be accomplished. Among those on the program are: Elvin Daniels, of Kentland; Joseph Keovil of Noblesville; H. C. Armstrong, of Baltimore, Md.; L. E. Brown, of Rushville; John D. Zimmerman, of Topeka, Kan.; Z. E. Bates, of Evansville; J. P. Belleville, of Michigan City; Asa McDaniel of Muncie; St. John Halstead, of Princeton and Major Ed Jackson, former secretary of state, and now of Indianapolis.

## AWAITS ARRIVAL OF THE NAVY CURTISS 4

Commander Towers Will Not Give Orders For Trans-Atlantic Flight Until Then

### ROUGH WEATHER ON OCEAN

(By United Press.)

Trepassey May 12.—Commander Towers today awaited information as the probable time of the sea plane Navy Curtiss 4 before giving orders for the start of the attempted trans-Atlantic flight. The Navy Curtiss 1 and 3 are ready to go but the Navy Curtiss 4 was delayed at

## SUPPLY OF PROPRIETY STAMPS IS RECEIVED

Will be Used on Cosmetics and Toilet Articles Taxed by The New Revenue Law

### DISTRIBUTION IS DELAYED

Postmaster Hunt announces that a supply of the new propriety stamps has been received at the postoffice and are now on sale. The stamp is an internal revenue stamp and is to be used on cosmetics, toilet articles, perfumes and other such articles that come under the new tax law which went into effect May 1 at the same time that the tax was put upon ice cream and soft drinks.

The stamps should have been in sooner but delay in the distribution prevented this. The stamps received are in one and two cent denominations. They are blue in color and contain these words: "Propriety Stamp, Internal Revenue."

### CORP. HARDWICK DISCHARGED

Mrs. Clifford Hardwick of East Second street received a letter today from her husband, Corporal Clifford Hardwick, who was a member of the 90th Division of the Army of Occupation in Germany to the effect that he had received an honorable discharge and was starting for home at that time.

### STATED MEETING

A stated meeting of Phoenix lodge No. 62, F. & A. M., will be held Tuesday evening at 7:30 o'clock. Every member is requested to be present.

## Leading the Simple Life.

The arguments in favor of the "simple life" which have been impressed upon the people of the United States during the war period, seem to have had a marked effect so far as relates to importation of articles of luxury. A compilation by The National City Bank of New York indicates that the value of luxuries imported into the United States in the fiscal year which ends with next month will be little more than one-half that of the year preceding the war, although prices in all of the articles in question are higher per unit of quantity than in the pre-war year.

Of diamonds, for example, and other precious stones, imports in 8 months ending with February 1919 were only \$17,000,000 in round terms, as against \$32,000,000 in the corresponding months of 1917.

Cotton laces and embroideries, of which the prices per unit of quantity have greatly advanced, show a total for the 8 months of the fiscal year 1919 of but little over \$5,000,000 as against \$25,000,000 in the corresponding months immediately preceding the war. Silk laces and embroideries show for the 8 months just ended about \$1,500,000 as against nearly \$3,000,000 in the corresponding months of 1914, and silk manufactures as a whole more than \$19,000,000 as against over \$25,000,000 in the same months of the fiscal year 1914.

China ware, decorated, in the 8 months ending February 1919 is about \$1,500,000 as against nearly \$6,000,000 in the corresponding months of 1914. Art works show an even greater fall, amounting in the 8 months of the current fiscal year to less than \$3,000,000 as against more than \$20,000,000 in the corresponding months of 1914.

Spirits, wines, and malt liquors, including all of those forming this general group, show for the 8 months ending February 1919 a total of but \$1,998,821, as against

\$13,817,433 in the 8 months ending with February 1914; and \$14,158,055 in the 8 months ending with February 1913. Champagne alone amounts for the 8 months of the current year to only \$606,421 as against \$3,245,301 in the corresponding months of 1914.

Taking 10 principal articles of luxury imported—art works, precious stones, spirits, wines, and liquors, laces and embroideries, hats and material therefore, feathers, kid gloves, and silk manufactures, the total for the 8 months ending with February 1919 aggregates but about \$60,000,000 as against approximately \$120,000,000 in the same months of 1914, despite the fact that the prices per unit of quantity, have as above indicated increased in practically all classes of articles.

## Army Not Public Charge.

The army isn't coming home in rags and tatters. It isn't a public charge. Discharged soldiers don't have to beg or to peddle souvenirs for a living.

American Red Cross, Lake division headquarters, has been asked by national headquarters to issue this second warning to people of Ohio, Indiana and Kentucky.

"The situation is becoming almost a menace," says the order.

The American Red Cross in every town and municipality in the three states of the Lake division is helping the man who comes home, to take up again the life he left to enter his country's service.

Red Cross home service workers are ready to help him get a job, and a good one. If he is in need of a little ready money, or his family is suffering, the Red Cross is ready with a loan. If he is disabled, and cannot go back to the old line of work the government will train him for something else. It isn't necessary for him to beg, or to sell post cards, buttons or any kind of souvenirs.

Most of the uniformed peddlers are fakirs. They have no right to the uniform they are wearing. Many of them have never been inside an army camp. But it is fairly easy to fake a uniform, and get easy money from the patriotic public. "Don't encourage the man who commercializes his country's uniform. Don't buy his wares."

Until the luxury tax came into effect, perhaps you did not know that candy and ice cream and chewing gum and face powder were luxuries. You will not, however, entertain any doubts on this head for some time to come.

The little May-day remembrance sent to Federal Judge Landis of Chicago was quite unnecessary. He blows up frequently enough without the aid of a bomb.

The peace conference finally came to an agreement on Kiang-Chau. The principal cause of disagreement upon it was probably the spelling.

## Sap and Salt

By BERT MOSES.

Charity begins at home and seldom ventures outside.

The best things in some books are what the writer left out.

Boys are "brought up" before marriage and "brought down" afterward.

Revenge runs into a bunch of money and the lawyers get most of it.

The effects of a woman's tears wear off. She who cries least accomplishes most.

The chauffeur and hired man slip easily into the scene when a husband neglects his wife.

Hez Heck says: "The provoking thing about a peek-a-boo waist is that you can't see what you think you can."

## DEFENSE BODIES ARE DISSOLVED

Continued from Page One

and county, of Indiana is generally recognized as one of the most efficient in America and I believe that this is due not only to your splendid organization but to the fact that you evidenced at all times a broad spirit, a spirit of real patriotism, of sanity and sound judgment. The only qualities which counted were Americanism, sincerity, industry and integrity, which are words almost synonymous.

"Because of these things, because of what has been accomplished, because of your loyal, general service at personal and financial sacrifice, service given without remuneration, without hope of reward except the satisfaction which comes in the realization of work well done, the people of Indiana owe to the state and the county Councils of Defense a debt of eternal gratitude, a debt which cannot be paid in material things, but one which I am sure they will never forget.

"But now blessed peace, that priceless boon to mankind, is about to settle upon us once more. We have just witnessed the greatest pageant in the history of our state—the return of one army of Indiana veterans of the world war, and in so doing we have paid our tribute and extended our welcome to every Hoosier, no matter where he may now be, who had a part in the conflict.

"So it comes to pass that although its healthful influence will live in the Hoosier commonwealth for many years, the active work of the Indiana Council of Defense has come to an end.

"Therefore, I, James P. Goodrich, Governor of the State of Indiana, in the name of a people which has performed its full share in assisting the government to achieve the world victory which has come to us, do declare the Indiana Council of Defense to be dissolved, trusting as I do that while its activities have ceased, the inspiration of its good works will remain with the Hoosier people forever.

"In witness whereof, I have hereunto set my hand and caused the Great Seal of the State of Indiana to be affixed. Done at the Capitol in Indianapolis this twelfth day of May, A. D. 1919.

"GOV. JAMES P. GOODRICH."

## DIFFERENT PLAN IS TO BE FOLLOWED

Continued from Page One

cakes with a scrap of tin roofing. Her hostelry was sometimes a shell hole and sometimes a cellar or a barn. She moved her headquarters as the army moved and found time to hold gospel meetings and song services, at which many conversions were reported. She finally worked herself into a condition of extreme physical weakness and was found lying ill in the loft of a shell-torn stable. She was taken to a military hospital in Paris. When she recuperated she returned to the front. She held the pie-baking record of the war, having baked 324 pies in twelve hours.

Girl babies have more vitality than boy babies.

Killed in action, previously reported died—Private Paul Hunt, Centerville.

Returned to duty, previously reported missing in action—Musician Herbert McHawthorn, Greentown; Private Wayne N. Clearwaters, Dunn; Private William A. Elliott, Little York.

## IN THE SPRING

When Energy and Vitality are Lowest, then—Influenza!

(By E. C. BOWER, M. D.)

At this time of the year people feel weak, tired, listless, their blood is thin, they have lived indoors and perhaps expended all their mental and bodily energy and they want to know how to renew their energy and stamina, overcome headaches and backaches, have clear eyes, a smooth, ruddy skin and feel the exhilaration of real good health tingling thru their bodies. Good, pure, rich, red blood is the best insurance against ill of all kinds. You are apt to suffer from an attack of influenza if your health is run down.

Purify the blood and you can defy influenza. This is the time to cleanse and freshen up a bit.

Drink hot water a half hour before meals, and for a vegetable tonic there's nothing better than Dr. Pierce's Golden Medical Discovery, the old-fashioned herbal remedy, which has had such a fine reputation for fifty years. It contains no alcohol or narcotics and is made into tablets and liquid. Send 10 cents to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for trial package.

"I have been through Dr. Pierce's Invalids' Hotel Surgical Institute at Buffalo, N. Y., and have had everything repaired. The doctors of their building are genuine."—(John R. Smith, 123 West Street, Buffalo, N. Y.)

## A Square Meal A Square Deal

We give you both. We set a fair price on staple and fancy Groceries at the same time that we set your table.

Bring your basket and see how you may fill it up with good vegetables and fruits; with canned goods of the latest put-up; with delicacies from the most competent ovens in the country.

Brown Bros. Grocery

## Important Notice

Ask Your Grocer For Rose Bud Syrup.

We have on hands an ample supply of first class, home grown, early orange cane seed for which there will be a nominal charge and will be distributed from the following towns: Carthage, Rushville, Mays, Danreith, Lewisville, Spiceland, New Castle, Greensboro, Kennard, Shirley, Greenfield, Charlottesville and Knightstown. Beware of seed that you are not absolutely sure of. There was a lot of cane last season that seemed to be mixed with broom corn, as a result of which we suffered irreparable loss. We will be ready for business in due time and respectfully solicit your patronage.

Knightstown Syrup Co.

## Ambitious Men Wanted

To Prepare for

## Shipping Positions

Thousands of trained men are needed by the railroads and big concerns to direct shipping under the new Government system.

A representative of the American Commerce Association will be in Rushville one day this week to select a few dependable men for a special training course in this work. To qualify requires a few months spare time study at home without interfering with your present work. Experience unnecessary if willing to learn. When competent, men receive salaries of from \$2000 to \$5000 per year.

If you are dissatisfied with your present job and feel that you could fill a better one, if given a chance, write today for interview giving age, occupation and phone number if possible. All information strictly confidential. Address J. C. WOLF, care Scanlan Hotel.

## WANTED

EVERY HOOSIER RAISER IN RUSH COUNTY to know that we have plenty of pure potent Throatwort serum at any time you want it. The serum is as good as can be made and for a recommendation, ask anyone that has used it. Every one who has vaccinated here wants the best serum he can buy, and this is guaranteed to give satisfaction.

See or call RALPH H. MILLER, owner, Rushville National Bank, Phone 2204 or 2205.

## Are You Awaiting The Great Crisis?

If So, Do Not Allow the Time to Pass With Nature Unaided.

Women who give nature a helping hand during the period of expectancy find that when the time arrives for baby's coming it is untroubled and passed with infinitely less pain and danger. Thousands of women for over half a century have learned that in the time-honored preparation, Mother's Friend, they have a safe, certain, penetrating remedy, the use of which makes it possible for them to go through childbirth without the usual pains, hemorrhages, bearing-down and catching pains, and in the time-time, the baby is born healthy and through its own strength and vigor, and free from danger.

Girl babies have more vitality than boy babies.

## How Long Must I Suffer From the Pangs of Rheumatism?

Is there no real relief in sight?

Doubtless like other sufferers, you have often asked yourself this question, which continues to remain unanswered.

Science has proven that your Rheumatism is caused by a germ in your blood, and the only way to reach it is by a remedy which eliminates and removes these little pain demons from your blood. This explains why liniments and lotions can do no permanent good, for they

cannot possibly reach these germs which infest your blood by the millions.

S. S. S. has been successfully used for Rheumatism for more than fifty years. Try it to-day, and you will find yourself at last on the right track to get rid of your Rheumatism. You can get valuable advice about the treatment of your individual case by writing to the Chief Medical Adviser, Swift Specific Co., Dept. D, Atlanta, Ga.

## MOTHERS DAY IS WIDELY CELEBRATED

Contrast Between Yesterday and Same Day Year Age is Subject of Remarks by Many.

### APPEALS MADE BY PASTORS.

Mothers day was celebrated in all the local churches and in those throughout the county yesterday, as is the annual custom. It was heard from the lips of many that this day is so unlike Mothers day last year. This remark was heard from many. Just think of the number of boys there are home now who were either in the training camp or overseas last year. That in truth is something to be thankful for.

A year ago America was sending her boys overseas to drive back the onrushing hordes of the German soldiery and today they are being returned as fast as ships are available to return them. Mothers were also honored in the A. E. F. yesterday, the same as they were here in the church and in the training camps.

Some of the churches gave yesterday the name of Mother and Sons day as the government asked that they remember the boys returning from the army who are unemployed and an appeal was made by many of the pastors and other speakers for something for them to do when they were returned here. In all respects Mothers day was fittingly celebrated in this and surrounding counties.

### MAKES ENVIEABLE RECORD ON LOANS

Continued from Page One

time to sell Victory notes because not all of the banks have sold their allotment, although they have absorbed their share of the issue. Subscriptions will be accepted until May 20, the date of the fifth issue, because the banks have to make final reports to the federal reserve district bank by that date.

Bonds amounting to \$228,450 have been sold during the campaign by canvassers, according to reports to T. M. Green, county sales director, who received word today of additional sales totaling \$26,500. Washington township reported \$4,800 and Anderson \$2,900. Center township reported \$18,800, all of which went through Henry county banks.

Bonds sold through and taken by the banks are as follows:	
Bank of Carthage	\$ 60,000
Arlington bank	35,000
Manilla bank	60,000
Milroy bank	60,000
New Salem State bank	25,000
Farmers Trust Co.	30,300
Rushville Nat'l bank	110,000
Bank Co. Nat'l	179,000
Peoples Loan & Trust Co.	60,000
Peoples National bank	155,000
First Nat'l bank, Mays	30,000
Glenwood State bank	30,000
Falmouth bank	20,000

Total \$854,300

It is not definitely determined whether Falmouth's subscriptions will be allocated to this county by the federal reserve bank. The bank is located in this county and the cashier has reported this sum as the county's share, but whether the federal reserve bank will take the same view of the matter is not known.

### SECRETLY MARRIED MAY 1

Wedding of Mildred Miller and Jacob R. Mull Now Admitted

The elopement and secret marriage of Miss Mildred Miller, daughter of Mr. and Mrs. Tom Miller, living southwest of the city and Jacob R. Mull, son of Mr. and Mrs. Arnold Mull of the same neighborhood, was divulged today. They went to Newport, Ky., Thursday, May 1, where they obtained a license and were married. The Republican received a dispatch the following day that they had been married at Newport, but both young people, and their parents as well, denied it was true. The announcement that the marriage took place, reveals that the dispatch was correct.

### Amusements

#### Serial at Mystic Tonight.

Another chapter of the serial, "The Lure of the Circus", will be shown at the Mystic theater tonight. An L-Ko comedy, "Nuts and Noodles", and current events, will also be on the program.

A rare surgical operation is performed in "The Call of the Soul", which will be shown on the screen at the Mystic Tuesday. Gladys Brockwell is starring in this remarkable William Fox production.

The operation is called intra-venous transfusion. It takes place in a scene in which Nancy Caswell, the clever four-year-old William Fox player, is supposed to be at death's door.

A well-known surgeon of Los Angeles was called into consultation, so that the operation would be performed correctly, and that physicians as well as laymen might profit by the showing of the work. The needle was not supposed to touch Nancy's arm in this scene, but William Scott forgot that he was merely acting and jabbed Nancy's arm in four or five places. Yet the youngster never winced. After the scene was completed Nancy said to her mother:

"Mother, he stuck me with that pin and it hurts a lot."

The surgeon heard Nancy and quickly relieved the sting. Every physician should see this rare method of surgery as practised in "The Call of the Soul". There is nothing lacking to make it scientifically correct. One even may see the normal salts running out of the glass tube.

#### Dorothy Dalton at Princess

"Extravagance," starring Dorothy Dalton, is the offering at the Princess theatre today, and tomorrow "The Dub," with Wallace Reid in the lead will be shown.

The former is the story of a woman who is being drawn into the vortex of profligate extravagance until her conscience is awakened by a dramatic dream that pictures her husband paying with his very life for the gratification of her social whims. She dreams to meet the bills of her dressmakers and jewelers he gambled until he was short of money.

He then forges a check, is detected, and shoots a pursuing officer, which brings upon him sentence to the electric chair. The wife awakens to a realization it was all a dream—all but the fact that she is surrounded by a wealth of luxuries, the cost of which may have driven her husband into desperate circumstances.

She rushes to his office to find it is true. Then she makes a supreme sacrifice. To his appeal to loan him her private fortune with which to try to redeem his losses on the board she turns a deaf ear. She even suffers him to publicly denounce her as a woman who has taken all and given nothing. But that night at their home she lays her fortune at his feet and pleads with him to go with her to another land, where they can start life anew and build on a stronger foundation of mutual companionship and love.

## The Manufacturing Facilities of The Standard Oil Company (Indiana)

**U**NDERLYING the manufacturing activities of the Standard Oil Company (Indiana), are the same high ideals of service; the same thoughtful consideration of detail; the same earnest desire to do a big job thoroughly and well, which animates the Company in every other branch of its business.

Every facility which wide experience, ample resources, and the utmost skill of scientifically trained technicians can devise, or suggest, is provided to insure absolute uniformity and the highest standard of quality in each of the many products manufactured by the Standard Oil Company (Indiana).

The manufacturing facilities of the Company are concentrated in three great refineries, one located at Whiting, Ind., covering 700 acres; one at Wood River, Ill., covering 600 acres; and one at Sugar Creek, Mo., covering 200 acres of ground.

The Whiting works is conceded to be the most complete, the most perfectly organized oil refinery in the world. Here practically every product of petroleum is manufactured, and here are located the great research laboratories where the problems of manufacture are worked out and solved.

The plants at Wood River and Sugar Creek are modern in every particular and so organized as to use every part of the crude oil. This enables the Company to keep manufacturing costs at a minimum and to supply its patrons with products of the highest standard at prices which otherwise would be impossible.

The 7,000 earnest, industrious, well-paid men and women who make up the personnel of these three refineries, constitute, we believe, the most loyal, the most enthusiastic, most efficient, industrial army to be found anywhere.

The facilities alone for manufacture maintained by the Standard Oil Company (Indiana) represent an investment of approximately \$60,000,000. This investment is growing constantly to enable the Company to maintain the high standard of service it has set for itself and which it believes the public is entitled to receive.

Miss Hattie Retherford will be hostess for the Tuesday evening Five Hundred club tomorrow evening at her home in North Main street.

Mrs. Eugene Carlyle Miller has returned to her home in Indianapolis after attending the party given by Mrs. J. B. Kinsinger and Mrs. B. F. Miller Friday afternoon.

The Catch-My-Pal class of the First Presbyterian Sunday school will hold their regular meeting tomorrow evening at the home of Miss Mable Glazier in West Third street.

The Shakespeare club will be entertained this evening at the home of Mrs. J. T. Arbuckle in East Seventh street. At this time Prof. Jenkins of Indiana University will lecture on "Italy."

The meeting of the Industrial club which was to have been held tomorrow afternoon, has been postponed until Thursday afternoon, May 22. The club will meet with Mrs. Ed Short at this time.

The Rebekah Crochet club will hold a pitch-in supper Thursday evening at the home of Mrs. Cleo Manox in East Fifth street. All the members of the club and their families are invited to attend.

The Loyal Daughters of the Main

Street Christian Sunday school will meet with Mrs. George Urbach tomorrow evening at her home in East Third street. The assisting hostesses will be Miss Prudence Pope, Mrs. Rena Pegley and Miss Nettie Ormes.

Mr. and Mrs. Lieut. Oneal entertained at their country home west of Rushville last evening with a delicious supper, Mr. and Mrs. O. P. Wamsley and daughter Catherine of this city and Mr. and Mrs. Earl Winship. The table was decorated with a centerpiece of carnations commemorating Mother's Day.

The Ladies Aid society of the Pleasant Ridge M. E. church will hold their regular monthly meeting Wednesday afternoon at the home of Mrs. L. H. Krammes, southwest of the city. All members of the society are urged to be present as important business matters are to be discussed at this time.

Miss Marion Tittsworth and Miss Gladys Tittsworth entertained at noon with a three course dinner party at the Scanlon hotel honoring the house guests of Miss Phyllis Dean. Those enjoying the repast were Miss Pharoa Selker of Lebanon, Miss Ethel Campbell of Indianapolis, Miss Evelyn Russell of Frankfort, Miss Phyllis Dean and Miss Janet Dean.

The guests, including Miss Dean, returned to Butler college, Indianapolis, this afternoon.

Miss Sue Wood, of Arlington, entertained a number of her friends and relatives yesterday with a delicious two course dinner party, honoring her aunt, Mrs. Sarah M. Woods of Chicago. The table was beautifully decorated with a bouquet of spring flowers and covers were laid for the following guests: Mrs. Sarah M. Woods, the honored guest, Mr. and Mrs. Dayton Sharpe, Mr. and Mrs. Alonzo Sharpe, Mr. and Mrs. Clem Woods, Mr. and Mrs. John Woods, Mr. and Mrs. Floyd Woods, Mr. and Mrs. Fred Woods and family, Mrs. Lettie Woods and

# The Season's New Dress Fabrics

A COLLECTION THAT, WE HAVE BEEN RELIABLY INFORMED, IS THE MOST COMPLETE IN THIS VICINITY

It was our purpose to bring to Rushville a collection of silks second to none in point of diversity and beauty. It was our purpose to present a scope of assortment so extensive that every silk requirement could be met splendidly and completely. It has been achieved as our stocks bear evidence.

Among the beautiful silken fabrics are baronette in luscious shades, pussy willow taffeta, charmeuse, Belding's and Skinner's tulle and satins, Cheney's Foulards, B. & A. Silk Poplin, wash satins, georgette crepe and crepe de chene.

COTTON DRESS FABRICS IN MULTITUDE OF STRIKING PATTERNS

Fancy voiles and printed georgettes in all the new colorings and designs. All are temptingly priced.

Fine Scotch Dress Ginghams in a splendid variety of plaids that are exclusive with us. A yard 75c and \$1.00.

American Dress Ginghams, a yard 29c to 50c. FOR THE YOUNG LADY GRADUATE—

We are showing very pretty embroideries and laces, voiles and organdies both in colors and white. On our second floor will be found very attractive graduation frocks ready made of georgette, crepe de chene, voile and organdie.

## The Mauzy Co.

Mrs. Lucy Addison and Laban Long. Other friends and relatives called in the afternoon.

Among the many informal affairs in honor of Miss Phyllis Dean's house guests was the prettily appointed dinner party given by Miss Dean's mother, Mrs. D. H. Dean, Saturday evening. The dining table was adorned with a bouquet of red tulips and covers were laid for the Misses Pharoa Selker, Ethel Campbell, Evelyn Russell, Phyllis Clark, Janet Dean and Gladys Tittsworth.

Yesterday evening a dainty luncheon was given by Miss Phyllis Dean at her home in North Main street for the same guests and also Miss Marion Tittsworth, Robert Vredenburg, Tom Saunders, John Lewis, Howard Stiers, Lt. Roydon Friend, John Tompkins and Lt. L. F. Kidd of Brazil, Ind.

THE strong and vigorous man or woman is envied by less fortunate humanity afflicted with aches, pains, infirmities and ailments. The sufferer says to himself, "If I could only be well, how happy I would be," for health is more essential to the joy of living than is wealth.

The kidneys almost literally wash the blood and keep it clean and free from impurities. When the kidneys are out of order, they fail to filter out this waste and poisonous matter. It remains in the system to cause headache, rheumatic pains, sore muscles and stiff joints.

## Foley Kidney Pills

Help the system eliminate this poisonous waste. They soothe, strengthen and heal sore, weak and diseased kidneys and bladder. When the kidneys are working properly, appetite returns, refreshing sleep is possible, and health and strength come again.

C. W. Smith, 1235 No. 4th St., Salina, Kas., writes: "I am very much pleased with Foley Kidney Pills. I am working in a coal yard and have been very much troubled with my back. I have taken several doses of Foley Kidney Pills and they have already helped me."

W. O. FEUDNER  
 at The Daily Republican.

Albert Updike was pleasantly surprised Saturday evening by a number of his friends, at the home of Mr. and Mrs. Oscar Williams, south of Arlington, the occasion being his birthday. The evening was spent in contests, games and music. Those present were the Misses Opal Mull, Dora Mull, May Nichols, Miss Taylor of New Salem, Edna Krammes and Katherine Williams and Oren Miller, Lester Cravens of Moores Hill, Ind., Frank Cassidy, Waldo Mohr, Russell Ormes and Oval Cassidy.

Mr. and Mrs. William Suman, of Raleigh entertained yesterday the following guests at a dinner party: Mr. and Mrs. Jake Meyer and sons Donald and Ebert, Mr. and Mrs. George Mesling and son and daughter, Mr. and Mrs. Henry Harpring and son Edgar and daughters Wilma and Mildred, all of Rushville.

Mr. and Mrs. John C. Benning of near Gowdy entertained yesterday the following guests: Mr. and Mrs. Ollie Brown, Mr. and Mrs. Wilbur Warner, Mr. and Mrs. Charles Harcourt and Mr. and Mrs. Jasper Leuville of St. Paul.

Mrs. May Martin of Manilla and Peter Neel of Blue Ridge were quietly married Saturday afternoon, the Rev. Mr. McMullen of Blue Ridge officiating. They will reside on Mr. Neel's farm near Blue Ridge.

## CONVICTS FIGHT GENDARMES

Paris, May 12—A battle occurred last night on the streets of Naples between liberated convicts and soldiers on one side and gendarmes on the other, a Rome dispatch reported today. Casualties numbered 14 wounded. The soldiers and convicts, defeating the gendarmes, captured the courthouse. The gendarmes took refuge in the barracks opposite where they were later reinforced by a battalion of loyal troops.

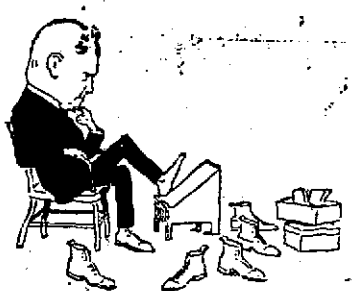

## AMERICA'S IMMORTALS

JOHN J. KELLY, Private, 78th Company, 6th Regiment, U. S. M. C. Private Kelly was decorated for gallantry in action at Blanc Mont Ridge, France, October 3, 1918. Private Kelly ran through our own barrage 100 yards in advance of the front line and attacked an enemy machine gun nest, killing the gunner with a grenade, shooting another member of the crew with his pistol and returned through the barrage with eight prisoners. Private Kelly's home is at 6149 Kimbark avenue, Chicago, Ill.

# WELCOME HOME FEED FOR STATE SIGNA CHI

To be Held in Honor of Men Who Have Been in Service.

IN INDIANAPOLIS MAY 17

Local members of the Signa Chi Fraternity are receiving notification of a "Welcome Home" banquet to be held in the Riley Room of the Claypool Hotel, Indianapolis, on Saturday evening, May 17. The event is to be in honor of the Indiana Signa Chi who have been in the service and is held under the auspices of the State Alumna Association of Signa Chi, of which James M. Ogden is president.

More than 1,000 members of the Signa Chi fraternity reside in Indiana and the number of these in the service runs into hundreds. It is expected that this will be the largest banquet ever held by the fraternity.

Active chapters at Indiana, Purdue, DePauw Universities, Wabash and Butler Colleges will attend the banquet with their pledges.

# FIRST REPORT ON M. E. PENSION FUND

Shows Total Resources Amount to \$10,772,659.51—Embraces 8,000 Parishes, 5,000 Clergymen

PAID \$1,200,000 IN TWO YEARS

Of Total Resources \$1,600,000 Have Been Invested in 2nd, 3rd, and 4th Liberty Bonds

New York, May 12.—The first annual report of the Church Pension Fund of the Episcopal church, issued today, now that the total resources of the fund amount to \$10,772,659.51. This makes the Church Pension Fund one of half dozen largest pension granting corporations in the world.

In the first two years of the fund's operation, the Episcopal Church paid nearly \$1,200,000 for old age and disability pensions for its clergymen and their widows and orphans. This is the amount of assessments paid into the fund by parishes and missions in the United States and foreign field since it started on March 1, 1917.

The Church originally subscribed \$8,712,000, to start the Church Pension Fund and to insure pension protection to clergymen already in office. The fund now embraces 8,000 parishes and missions and more than 5,000 clergymen.

Of the total resources of the fund, \$1,600,000 has been invested by the treasurer, J. Pierpont Morgan, in second, third and fourth Liberty Bonds.

The pension grants in force at the end of the fiscal year covered by the first annual report amount to \$275,465.06. Monell Saxe, secretary and manager of the fund, points out in his report that the assessments paid into the fund during the first two years were 98.6 per cent of all possible payments. This, he says, is probably unprecedented in pension experience in a system where there is no legal compulsion to pay the assessments.

The original subscription of \$8,712,000 has been paid in to the extent of \$6,414,209.63. The balance falls due up to 1922. With the assessments the total resources of the fund actually on hand amount to \$8,444,181.67.

Three million dollars have been set aside to effect mergers with other Church relief funds in order to centralize this work and eliminate further demands upon the Church for relief for clergymen and their families.

## RANK OF ESQUIRE

The Knights of Pythias will confer the Rank of Esquire on two candidates Monday night at 8 o'clock. A good attendance is desired.

## A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition. 10c and 25c per box. All druggists.

The fact is—Over half the truck Tonnage of America is carried on

# PENNY NO LONGER A DESPISED COIN

Mints Are Being Run on Full Time and With Double Force to Relieve Condition

## RESULT OF VARIOUS TAXES

It is Hoped That in a Short Time The Coppers Will be Plentiful as Heretofore

That the penny is no longer to be ignored as it has been for the past few years, is revealed by the government starting their mints to work making the coppers by the millions during the last few days. These coins are being shipped to the banks by the bushels. The Denver and Philadelphia mints are working almost exclusively on the one cent pieces and an extra shift of workers has been ordered for other mints.

The one cent piece was formerly looked upon as a thing to be given to the children or used to purchase a postage stamp when it was found in one's pocket but today, since the various taxes have been in effect, there is hardly a purse or pocket that does not contain a certain percent of coppers and they are as important as the dollar when it comes to buying many articles.

The local banks are feeling the effect of the penny shortage for those who formerly kept them supplied with them are now coming and asking for them in order to meet the revenue requirements. This is especially true of the soda fountain dealers as in the course of a day a great number of pennies are handed out in making change.

The shortage is not only a local condition but the whole country is crying for the penny and if the mints do not get busy and make the coppers in great numbers, the merchants will not be able to meet the revenue requirements, but it is hoped in a short time that this shortage will be relieved.

## BIG BOXING MEET

London, May 12.—The annual British Imperial Military Boxing championships was begun here today. Entrants included Canadians, Australians, Irishmen and representatives of all British colonial possessions. The meet lasts two days and is held under the auspices of the Imperial Service Boxing Association.

ONE MAN OPERATES BOTH TRACTOR AND IMPLEMENT

One Man Discs 27 Acres a Day with the New

## MOLINE UNIVERSAL TRACTOR

It Solves The Farm Help Problem

Discing is rapidly and economically done with the new Moline-Universal Tractor, Model D, one man with an 8-foot tandem disc harrow covering 27 acres in ten hours. With a 10-foot disc harrow he covers 38 acres, and with a 20-foot peg-tooth harrow 76 acres.

The light weight of the Moline-Universal Tractor, 3,380 pounds, makes it especially adapted for discing and similar work, as it does not pack the soil and uses but little fuel, running on less than half throttle most of the time. It is light, but more than enough power to pull two 14-inch plows at high speed, all its weight being traction weight.

The Moline-Universal Tractor attaches directly to the implement and forms a single, compact unit with it that is controlled by the operator from the seat of the implement, where he must sit to do good work. One man with the Moline-Universal does as good work as two men with the average tractor.

The Moline-Universal is adapted for all classes of farm work. Its high

clearance, 29 1/2 inches, makes it ideal for cultivating, and it is equally well fitted for planting and harvesting. In addition, it has ample power for belt work, pulling a 24-inch grain separator or 16-inch ensilage cutter with ease.

There is work on the farm every day in the year for the Moline-Universal Tractor. It will do every field operation that can be done with horses and do it better, faster, and cheaper. This is why the Moline-Universal really replaces horses, and, at the same time, by enabling one man to do much more work than ever before possible, solves the farm help problem.

The detailed construction of the new Moline-Universal, Model D, is the best it is possible to manufacture. Perfect 4-cylinder overhead-valve engine, electric starting and lighting system, complete enclosure of all working parts, and fifteen Hyatt roller bearings, are a few of the main features.

We invite you to examine this machine at your earliest opportunity.

### FAMILY WASHING

Having a Washing Machine in your house does not relieve you of the work, worry and expense of doing this work. The only way to overcome this job is to send it to the Laundry. Just phone us and our wagon will call for your washing and deliver it back to you when finished. This is all you have to do. We will iron all of it, or give you our Rough Dry way of doing it, just as you like. Just use the phone.

## FORD'S LABEL SUIT IS STARTED TODAY

Hearing in Case For Million Dollars  
Damages Against Chicago Tri-  
bune Opens.

TRIAL AT MT. CLEMENS, MICH.

Complaint Outgrowth of Comment  
on Dispatch That Soldiers Would  
not Get Jobs Back.

(By United Press.)

Mt. Clemens, Mich., May 12—Henry Ford's million dollar libel suit against the Chicago Tribune was opened here today.

The suit, based on a Tribune editorial of June 23, 1916, headed "Ford is an anarchist" brought hundreds of persons here as witnesses or active participants in the proceedings.

The Tribune's criticism of Ford was printed when the United States was lining up its forces for border service. The editorial on which the automobile manufacturers based his claim for \$1,000,000 was a comment on a special dispatch to the Tribune from its Detroit correspondent. In this dispatch it was said, Ford employees joining the army would not be given their old places on returning to Detroit.

The case originally was set for hearing in Detroit, but the Tribune obtained a change of venue on the plea that Ford's business influence and the number of his employees there might cause prejudice in his favor. The original effort was to have the trial in Chicago. Judge Tucker of the Monroe County circuit court is the presiding judge.

Among witnesses here, or expected here so soon as the jury in completed, are dozens of men prominent in American political and military circles.

Ford's prominence as an "auto king" attracted an unusual crowd for a county court hearing. If freedom is allowed attorneys in presenting evidence there were indications many of Ford's signed peace advertisements will be brought in. Some of these are mentioned in the transcripts now on file.

In his petition Ford stated the editorial which mentioned him as an anarchist tended to injure, defame and destroy his good name and reputation as a law-abiding and order loving citizen of Michigan and the United States and to injure him in his business. He alleged the editorial brought him into public hatred, contempt and ridicule and injured him financially to the extent of \$1,000,000.

Answering the charge made by Ford, Weymouth, Kirkland and other attorneys for the Tribune Company declared that the editorial had been published as a comment on a news dispatch from the Tribune's special correspondent at Detroit which states that Ford employees would not be given back their positions in his automobile plant after service on the border.

The dispatch as printed to the Tribune on June, 22, 1916 was as follows:

Detroit, Mich, June 21 (Special)—Ford employees who volunteered to bear arms for the United States will lose their jobs. While most employees have guaranteed not only to give patriotic workmen their old places when they return from fighting their country's battles, but have promised to pay their salaries while they are in service, Henry Ford's workmen will not have a job on their return much less will they receive pay while they are fighting for their country.

Ford's superintendents refuse to say if there are any guardsmen employed in the plant, but it is known that some seventy five of the militia are Ford's employees.

No provision will be made by Ford for their wives and families.

The editorial printed in the Tribune the next day was as follows:

Ford "IS AN ANARCHIST."  
"Inquiry at the Henry Ford offices in Detroit discloses the fact that employees of Ford who are members of or recruits in the national guard will lose their places. No provisions will be made for any one dependent upon them. Their wages will stop their families may get along in any fashion possible their

positions will be filled and if they come back safely and apply for their jobs again they will be on the same footing as any other applicants. This is the rule for Ford employees everywhere.

"Information was refused as to the number of American soldiers unfortunate enough to have Henry Ford as an employer at this time, but at the Detroit recruiting offices it was said that about seventy five men will pay this price for their services to their country.

"Mr. Ford thus proves that he does not believe in service to the nation in the fashion a soldier must serve it.

If his factory were on the southern and not the northern border we presume he would feel the same way. We do not know precisely what he would do if a Villa band decided that the Ford strong boxes were worth opening and that it would be pleasant to see the Ford factories burn. It is evident that it is possible for a millionaire just south of the Canadian border to be indifferent to what happens just north of the Mexican border.

"If Ford allows this rule of his shops to stand he will reveal himself not as merely an ignorant idealist but as an anarchist is enemy of the nation which protects him in his wealth.

"A man so ignorant as Henry Ford may not know the fundamentals of the government under which he lives. That government is permitted to take Henry Ford himself and command his services as a soldier if necessary. It can tax his money for war purposes and will. It can compel him to devote himself to national purposes. The reason it did not take the person of Henry Ford years ago and put it in uniform is first that it has not had the common sense to make its theoretical universal service practical and second because there have been young men to volunteer for the service which has protected Henry Ford for which service he now penalizes them.

"He takes the men who stand between him and service and punishes them for the service which protects him. The man is so incapable of thought that he cannot see the ignominy of his own performance.

"The proper place for so deluded a human being is a region where no government exists except such as he furnishes, where no protection is afforded except such as he affords, where nothing stands between him and the rules of life except such defenses as he puts there.

"Such a place we think might be found anywhere in the state of Chihuahua, Mexico. Anywhere in Mexico would be a good location for the Ford factories.

The Tribune's reply to Ford's allegations are contained in five defenses, the first of twenty nine articles and the other four of three and four articles each.

The defense recites various published interviews with Ford intended to show that he was opposed to military preparedness and that he spent thousands of dollars in advertising in various American newspapers in a campaign against preparedness.

Ford's attorneys will endeavor to show that the manufacturer's acts after America entered the war proved he was not an "anarchist."

### Stop Itching Eczema

Never mind how often you have tried and failed, you can stop itching, itching eczema quickly by applying Zemo furnished by any druggist for 35c. Extra large bottle, \$1.00. Healing begins the moment Zemo is applied. In a short time usually every trace of eczema, tetter, pimples, rash, blackheads and similar skin diseases will be removed. For clearing the skin and making it vigorously healthy, always use Zemo. It is penetrating, antiseptic liquid. It is not greasy and does not stain. When others fail it is the one dependable treatment for skin troubles of all kinds.

## Janesville Two-Row Cultivator

WHEN you sit comfortably on the easy riding Janesville Two-Row, and see every plant in every row getting exactly the cultivation you want it to have, you think what a blessing it is that you have a machine to do all that work. The old timers would think so if they could see you getting over the field so rapidly, and doing the work better than they ever did.

The Janesville Floating Arches solve the problem. They are hung by pendulums from the top bar and swing from side to side with a pendulum movement. You widen or narrow the gangs in the row with your feet. Or lock them at any width desired.

The shovels naturally follow the rows, but you can shift them to either side so quickly and so easily that you can hoe every hill without stopping the team.

Your own weight on the seat bars acts as a lever to turn the wheels slightly up hill—this big advantage takes the down-hill creep out of side-hill plowing. The entire machine is light, compact, flexible—no oiling needed except in wheel boxes.

Cultivate with a Janesville Two-Row—and you will forget that there ever was hard work in cultivation.

NOTICE TO NON RESIDENTS

In The Rush Circuit Court, May Term, 1919. GEORGE W. GODDARD, et al., vs. ARTHUR GARDNER, et al. Complaint No. 1811. Now come the Plaintiffs by Samuel L. Innis their attorney, and file their complaint herein, together with an affidavit that defendants in said cause, to-wit: Carrie Goddard, Cattie M. Goddard, Otto Goddard, Lester Goddard, Fred Goddard, Josephine Goddard, Raymond Goddard, Martha A. Enslay, Goldie Wolking, Clara Walker, Joseph Goddard, Elephan Goddard, Lorraine Goddard and John Goddard, are not residents of the State of Indiana; that said action is for partition of and to quiet title to real estate and that said non-resident defendants are necessary parties thereto.

Notice is therefore hereby given said defendants, last named, that unless they be and appear at the Court House in Rushville, in said County and State, and answer or demur to said complaint, the same will be heard and determined in their absence.

WITNESS my name and the Seal of said Court, at Rushville this 3rd day of May, A. D. 1919.

GEORGE B. MOORE, Jr., Clerk.

FLAPPERS AFTER HERDES

(By United Press.)

London, April 5. (By Mail).—A "Front Line Chorus," composed of winners of Distinguished Service Orders and Military Crosses, is Producer Albert de Courville's happy innovation in the new Hippodrome revue "Joy-Bells." The war has killed the old-fashioned effeminate chorus man, and even the chorus girl has suffered. Instead of mashers rushing to see shapely shoulders and legs, the flappers will be after the military heroes. All the members of the chorus are demobilized officers, and soldiers.

It's the Truth!

"Sam is a confirmed liar, isn't he?"  
"Not exactly. Nobody has ever confirmed anything he's said."—Cartoons Magazine.

WORLD'S BIGGEST SCHOOL FOR A. E. F.

Large Institution Opened at Beaume and it is Estimated That Large Percent Will Attend.

BUILDINGS ALL FINISHED.

They Will Number 4,000 and Will Have an Accommodating Capacity of 40,000.

(By United Press.)

Beaume, April, 20. (By Mail).—What's expected to be the largest educational institution in the world, or, at least, to have the largest student body, has opened here and the first rush of the anticipated ten thousand students has begun. The buildings are practically all ready. The Army Educational Commission, which will control the school, operating it as a military post, is settled in its headquarters. The commanding officer, Col. Ira L. Reeves, former professor of military science at Purdue University, has been at Beaume six weeks, supervising preparations. Dr. John Erskine, professor of English at Columbia, is educational director or president of the faculty.

In the faculty are President Kenyon L. Butterfield of Massachusetts Agricultural College, directing the department of agriculture; Louis L. Reber, dean of the University of Wisconsin, directing the engineering department, and Dr. F. E. Spaulding, superintendent of schools at Cleveland, in an advisory capacity.

There are fourteen colleges. When in full operation the university, together with the agricultural college nine miles distant will accommodate nearly 40,000 men, housed in one

MORE RED BLOOD AND STEADIER NERVES FOR RUN DOWN PEOPLE

The World Demands, Strong, Vigorous, Keen-Minded, Men and Women

It has been said of Americans that they work their habits overtime.

Many become nervous and inefficient by overwork. By worry, despondency, social affairs, robbing brain and body of needed rest; excessive use of tobacco, indulgence in strong alcoholic drink—excesses of every kind that burn up the vital powers so necessary in these trying times to make both men and women fit to be of help to themselves and others.

It is time to be temperate in all things. The man or woman with impaired nerves caused by impoverished blood lacks vigor, the ambition, the endurance and the keen mind of those who avoid excesses.

Timidity, despondency, fear, trembling hands, want of confidence and even cowardliness, are due in a large measure to abused nerves.

People with plenty of red blood corpuscles and strong, healthy nerves have no desire to shrink work and lean on others for guidance and support.

There is hardly a nerve-shattered man or woman (unless of an organic disease) in America today who cannot become alert and clear in mind; vigorous and energetic in body in a very few weeks and at trifling cost.

To become strong and ambitious, to feel that work is not drudgery; to have steady nerves, abundance of red blood and power of endurance; to be not only a man but as men now go, a superman, you must take seven tablets of Bio-ferrin every day for seven days—and take them faithfully.

Take two after each meal and one at bedtime and after seven days take one only after meal until the supply is exhausted.

Then if you feel that any claim made in this special notice is untrue—if your nerves are not twice as steady as before; if you do not feel ambitious, more vigorous and keen-minded, the pharmacist who dispensed the tablets to you will gladly hand you back just what you paid for them.

Bio-ferrin is without doubt the grandest remedy for nervous, rundown, weak, anaemic men and women ever offered direct through druggists and is not at all expensive. All druggists in this city and vicinity have a supply on hand—sell many packages.

MONEY

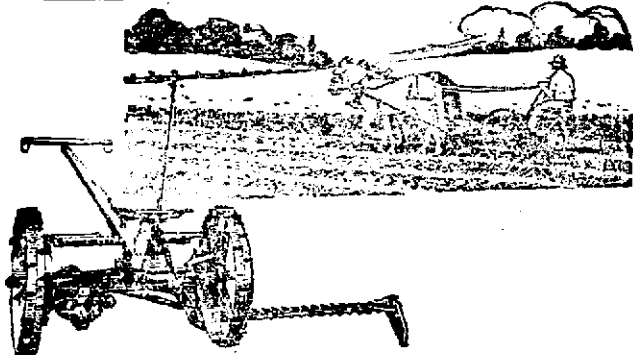

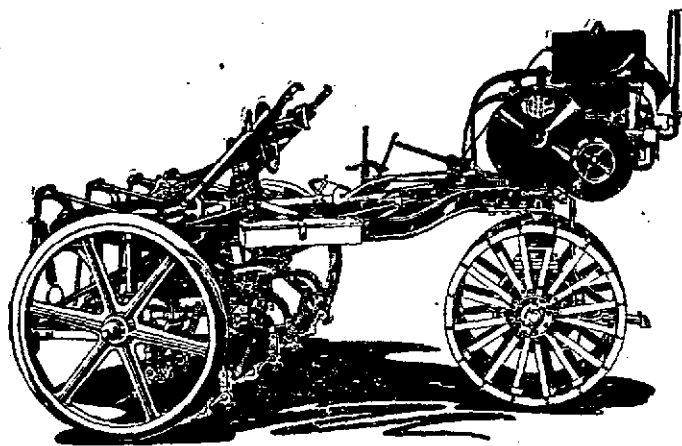

This is the season of the year when ready money is scarce with most people. You can get any amount you need from \$20.00 to \$300.00 on your own security—length of time to suit your convenience. Best legal rates.

Transactions Confidential.

# FARM IMPLEMENTS—

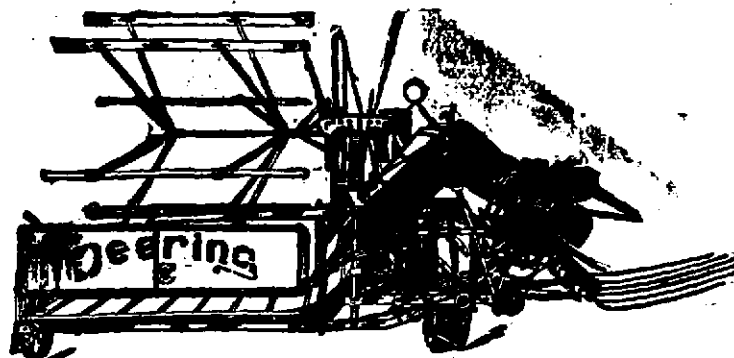

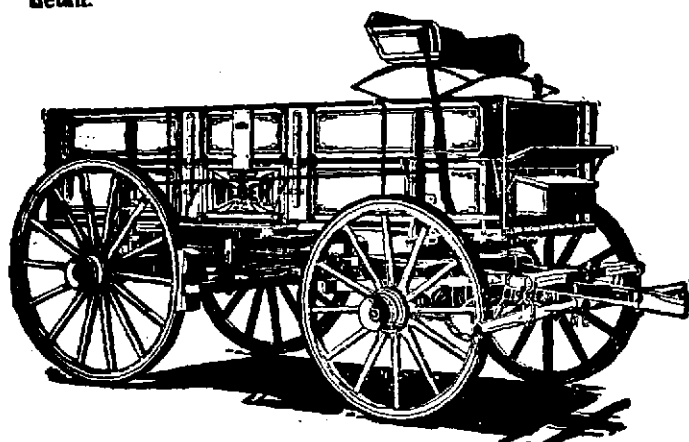

## Deering Mower Assets

A THOROUGHLY dependable mower is a big asset at haying time. A good mower should be able to cut grass in any condition satisfactorily, and in this respect the Deering New Ideal is a pronounced leader. Note the flexible movement of the cutter bar which permits close cutting over rough ground, the one-piece main frame with all holes drilled in one operation to secure perfect alignment of parts, the covered gears and the special quality steel ball and roller bearings, etc.

Still another point—the ledger plate on the Deering mower extends the full length of the cutting surface of the guard, giving the advantage of a complete shear cut, whether the knife section is old or new. This does away with all clogging of the grass between the knife section and the rear end of the ledger plate.

Drop in and see us and we will show you the mower in detail.

## Buy a Deering Binder

A FARMER who has spent the best part of his life growing grain and who has figured out every side of the profits and losses of grain growing says that the binder is the one machine that made possible any great profit in the business of raising small grain. He also says that, no matter what he could buy any other binder for, he would buy a Deering, because, after years of experience in many different kinds of grain fields, he knows that the Deering will take care of any problem in grain cutting that it may have to face.

The Deering binder has been on the market for close to three-quarters of a century. More than any other machine, it has had the benefit of expert knowledge and of field tests of every kind.

You will appreciate the Deering binder. Come in and see us.

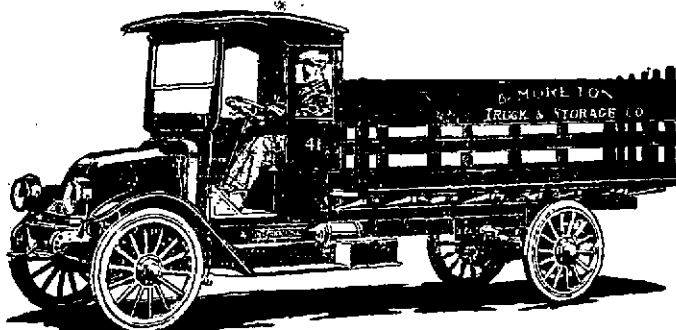

## Have You Seen the Fifth Wheel?

This Is a Strong New Weber Wagon Feature

YOU can find the new fifth wheel, the biggest wagon improvement, only on International wagons. We can demonstrate how the Weber fifth wheel makes the best wagon still better.

The famous fifth wheel on the Weber, made of strong, malleable iron, with large wearing surface, does these things: It distributes the strain on the front bolster and sandboard; overcomes pitching of bolster, so preventing bending or breaking of the king bolt; does away with pulling up of front bolster and bending of circle iron.

The top plates of the fifth wheel are widest, so the lower plates are protected and no dirt gets in between. The more you study the merits of this feature, the more you will appreciate its importance.

THE C. B. & Q. PLANTER will help you get the kind of a stand of Corn you want. Wet weather has placed you in a position where you do not want to take any chances on replanting. Our MOTOR CULTIVATOR helps you make the CORN Crop that will make you money and is the least expensive tool on the market today. Our DEERING and McCORMICK grain and hay tools are the kind you and your father have always used. And when it comes to WAGONS and TRUCKS, why not buy a WEBER wagon or an INTERNATIONAL truck. People who know what the value of experience is worth buy them. The Standard Oil company buys International Trucks and the farmer that is wide awake buys Weber wagons. Then if you do not feel like a Motor Cultivator is what you want, Remember that we have the One and Two-Row Cultivators that are the very best production of men who have studied corn plowing all their lives, and the most essential part of all this is that you can always get REPAIRS for any tool we sell and get it when you want it.

We have the ONLY complete stock of Implements and Repairs in Rush County and we carry this complete stock for your benefit. Come and look our stock over and you will be satisfied that we can be of great service to you.

## Getting repairs is a big thing—

A larger proposition than you realize until you need a small repair you can't get, and if you can't get them, then you will realize what our repair service means to you. Don't wait until you are ready to pull into the field before overhauling your machines and ordering repairs. If you do you may be held up in your work, and lose part of your crops.

# WILL SPIVEY--RUSHVILLE, INDIANA

## WHEAT CONDITION REMAINS THE SAME

George C. Bryant Estimates That the State Will Yield More Than 60,000,000 Bushels.

### HESSIAN FLY IS REPORTED.

A Small Portion of the River Bottoms Will be Abandoned on Account of Flood.

Indianapolis, Ind. May 12—The wheat condition in Indiana remains practically the same as last month, again indicating a \$60,000,000 bushel crop for the state, according to the report issued today by Geo. C. Bryant, Field Agent of the Bureau of Crop Estimates, United States Department of Agriculture. In only two counties in the northern part of

the state has Hessian fly been reported, but there is a yellowness on some of the plants that may prove a damaging disease. A little of the bottom land wheat along the White and Wabash rivers will be abandoned on account of floods last month, but this is very small compared with the total acreage. Many of the rye fields will not be harvested because they have been pastured to such an extent that it will be more profitable to turn them under and use the fields for corn; the total acreage, however, will be somewhat larger than last year. The hay acreage will be somewhat less than last year because of the condition of the meadows and the ground can be used to better advantage in

other crops. The percent of hay remaining on farms is about the average for this time of the year. The condition of hay crops and pastures is not as good as it could be; warm sunshine being needed to start the growth. While spring plowing and sowing was somewhat retarded during the recently rainy weather they are about up to the usual. Much farm help will be needed this month to put in the average acreage of corn. The condition of all live stock is good and the mortality for the past year was about average. The report follows:

The only abandonment of wheat acreage is in the bottom lands in the southern part of the state and amounts to less than 25,000 acres. The conditions of the acreage to be harvested remains the same as last month, 100 percent. While some reported thought the severe frosts during the latter part of April had done some damage to wheat that had jointed it was not verified on examination by experts. Considerable of the wheat shows a yellow-

ness that may develop into serious damage, but most people attribute it to the damp weather and lack of sunshine. The Australian Take-All disease has been reported from one Illinois county, but so far no reports of the disease have been made in any Indiana counties. The symptoms of this dread disease are a complete check of plant growth, the plants turn a very dark color, almost black, and die. The first appearance is in spots which enlarge very rapidly.

Some rye fields that had been put

in for grain will not be harvested on account of having been pastured to such an extent that it will be more profitable to put the ground in other crops. This year's acreage, however, will be somewhat larger than last year.

Some good, warm sunshine is badly needed to start meadows and pastures. The hay acreage will hardly be as large this year as last due to the drought last year which left many of the fields in very poor condition.

Up to the middle of April the spring plowing and sowing was considerably ahead of the usual. The rainy weather during the latter part of the month, however, retarded the work to such an extent that much extra farm labor will be needed during May to get in the average acreage of corn.

The mortality of live stock during the past year was exceptionally low until the early part of the spring when much complaint was received of contagious abortion among cattle and influenza in swine, which

caused many sows to farrow dead litters. Influenza was also quite serious among sheep. The general healthfulness of all live stock at this time is exceptionally good.

## \*\*\*\*\* Cannibals to See Selves in Movies \*\*\*\*\*

(By United Press.)

Los Angeles, Cal., May 12—Hungry Island cannibals are going to see themselves as others see them.

Martin Johnson, who won prominence by invading the South Sea islands with a motion picture camera and getting films of the cannibals in their native haunts, has started back to Hungry Island with his films.

He's going to show them to the cannibals and see what happens.
